

## Navy Ignores Nazi Warnings Against Convoys

### U. S. Warships Also Hunt Raider in South Pacific

Washington, Sept. 18.—(AP)—With convoys ploughing the Atlantic and a grim raider hunt on in the Pacific, the United States navy left today to repeated axis threats of dire consequences.

When Germany believed there was a possibility of convoys months ago, no less a person than Grand Admiral Erich Raeder openly warned the United States that the reich would consider such a "step an open war act" and that the German navy would use its guns if necessary against American warships on such duty.

But all uncertainty on the question of American convoys was dissipated late yesterday when Navy Secretary Knox disclosed the Atlantic fleet was using all methods, convoys included, to safe-guard British bound lease-lend cargoes in the 2,000 miles of the North Atlantic that are regarded as "defensive waters."

The navy chief thought it "unwise and indiscreet" to go into further details, and declined to answer as to whether the American escorts were turning over the protected cargoes to the Royal Navy somewhere off Iceland for the final 800-mile voyage to port.

**Hunt for Raider On**  
At the same time, however, Knox said the navy believed an axis surface raider was operating near the Galapagos islands in the South Pacific and, while the fact had not been positively established, the hunt was on.

"We'll tell the world about it," Knox promised if any raiders were caught.

The twin disclosures gave official notice that no half way measures were being employed to enforce the policy which President Roosevelt enunciated in his speech a week ago, when he barred "defensive waters" to axis raiders and ordered the navy to protect all shipping in those areas.

**Furor Expected**  
The announcement that convoys and all other means of protection were now in use was expected to kick up a furor of some duration in congress, where the subject already has caused much acrimonious debate.

When the lease-lend bill was under consideration, there were repeated attempts to write in a no convoy prohibition, but administration forces defeated them all.

## Morgenthau Says Financial Aid to Russia Has Started

Washington, Sept. 18.—(AP)—Secretary of the Treasury Morgenthau revealed today that United States financial aid to Russia began a month ago with a \$10,000,000 treasury advance to the soviet.

The secretary made the disclosure at a press conference after Federal Loan Administrator Jesse Jones announced yesterday that a Reconstruction Finance Corporation subsidiary was buying \$100,000,000 of minerals from Russia and paying for part of it in advance in order to provide the Russians with cash to pay for war supply purchases in this country.

Morgenthau said that on August 15 Russian Ambassador Constantin Umansky informed him that the Russians were shipping \$10,000,000 of gold to the United States in the next 90 days, but needed the money immediately to pay American manufacturers for goods already ordered.

With the approval of the state department, Morgenthau related, he paid Umansky the \$10,000,000 in advance upon the Ambassador's promise to deliver an equivalent amount of gold in 90 days.

Morgenthau said no further requests for Russian aid had come to the treasury and he could not predict what action would be taken on any future request because, "you know, the treasury is on a day to day policy."

### Cameras Stolen Here Located in Sterling

Two cameras valued at \$65, which were reported to have been stolen from a car parked near the Armory Monday evening, were recovered last evening by Dixon police. The cameras belonged to officers of the Army ordnance depot at Savanna who, with their wives, attended the Hollywood ball. Four Sterling high school youths who attempted to dispose of the cameras at a second hand store in Sterling yesterday afternoon admitted the theft when questioned by police of that city and Chief Van Bibber and Patrolman Bohstiel last evening. The cameras were returned to the owners today, but no charges were preferred. The loss of the cameras was the only theft reported during the two-day celebration.

## Kind Words

The Clinton, Iowa, Herald in reporting the Louella Parsons-Ronald Reagan Homecoming in Dixon, stressed the community spirit here which was quite apparent throughout the two days, in this paragraph:

"Nothing here said can add a whit to the brilliance of the Dixon 'day of days'. It is difficult to gild the lily. But there was an indescribable something about Dixon's celebration that was uplifting and morale-building. Perhaps ideal weather conditions were partially responsible, but more likely community cooperation and community openness, plus the high standard of the entire program, reveal the answer."

## \$5,985,000,000 in Additional Lease-Lend Funds Asked

Washington, Sept. 18.—(AP)—President Roosevelt asked congress today for an additional \$5,985,000,000 for the lend-lease program so that there might be "no interruption in the flow of aid to those countries whose defense is vital to our own."

In a letter to Speaker Rayburn, he recommended speedy action. The appropriation would bring the total of lease-lend funds to \$12,985,000,000.

Roosevelt noted that of the original \$7,000,000,000 last March, \$6,280,000,000 had been allocated.

He sent to Rayburn a letter from Budget Director Harold D. Smith which contained a proposed appropriation measure showing the projected breakdown of the \$5,985,000,000.

**For Vital Needs**  
The largest single item, reflecting a determination to supply vital needs for the enemies of the axis was \$1,875,000,000 for "agricultural, industrial and other commodities and articles."

The next biggest of the subdivisions was \$1,190,000,000 for ordnance and ordnance stores of various kinds, including armor and ammunition. For planes and aeronautical material, including engines, parts and accessories, it was suggested that \$685,000,000 be laid down.

One stipulation contemplated in the draft of the legislation sent along by the budget bureau would forbid use of any of the lend-lease funds to pay any person who advocates, or belongs to an organization which advocates the overthrow of the United States government "by force or violence."

## Two More Suits Attack Ill. Oil Production Tax

Springfield, Ill., Sept. 18.—(AP)—Two more suits challenging the validity of the new three per cent oil production tax were on file in Sangamon county Circuit court today.

The Onio Corporation obtained a temporary injunction impounding \$98,000 paid in taxes pending outcome of its suit which attacks the provision levying the three per cent tax on each person in proportion to his interest in the well. Texas Company filed a similar suit and impounded \$363 in taxes.

### Kids Can Now Worry About Higher Prices

Washington, Sept. 18.—(AP)—The kids can start worrying about prices now, along with dad and mother.

The commerce department said today if costs of making candy continued to rise as they have recently, "some reduction in the weight and size of penny and 5-cent candy pieces may be expected and some types of 5-cent candy may be withdrawn from the market in favor of 10-cent sizes, as was done in the last war."

### Love's Labor Lost

Douglas, Ariz., Sept. 18.—(AP)—The next receptacle for tinoli donations will be equipped with a bell, says Mayor L. J. Tuttle.

Citizens hoarded gliblets from the shiny wrappings of candy bars and cigarettes until the box in front of the fire station was almost full.

Then the garbage man hauled it off and destroyed it.

## Dixon's Militiamen Given Merited Praise for Service at Celebration

Company A, Illinois reserve militia of this city, is coming in for some praise from out-of-town for its excellent work in handling the crowds and assisting otherwise in the celebration of Louella Parsons Day. Today letters were received by the Telegraph from Miss Parsons and by Capt. J. M. Brady, commanding officer of the company, from Major General John V. Clinin, commander of the state militia, voicing appreciation for the Dixon Home Guards as follows:

**From Miss Parsons**

"The Home Guards did such a magnificent job in handling the big crowds that I want to thank them. I should like to have had time to shake hands with each of them personally. Since I didn't, I'm en-

## Legion Reiterates Its Stand Against Three Foreign Isms

### Will Close Convention Today With Election of New Commander

#### BULLETIN

Milwaukee, Sept. 18.—(AP)—Mrs. Mark W. Murrill of Scituate, Mass., today was elected national president, of the American Auxiliary in the organization's annual convention.

The same report recommended curbing all foreign language radio broadcasts unless they were immediately preceded by English translations and that all foreign language newspapers carry parallel columns in English. It proposed that aliens be placed in the same category as conscientious objectors and be required to give some service to the nation.

The report recommended revocation of citizenship and deportation of naturalized aliens found guilty of subversive activities. Its recommendation for deportation of Harry Bridges, west coast labor leader, brought applause.

President William Green of the American Federation of Labor in a convention speech said workers fighting the defense production battle were entitled to wage increases to maintain the living standard. He said that "the very fact that members of workers' families have been called away to serve in the nation's armed forces makes it necessary for the remaining wage earners to get more to keep their families from want."

Green predicted that in a production war the United States would outmatch the dictator nations two for one in guns, planes and warships.

**Against Street Piddlers**  
Although election of a new national commander was the most important remaining business, delegates took time out to vote for taking steps to prevent street peddling of souvenir buttons and other "Welcome Legionnaire" insignia at future conventions.

Frank F. Church, Jr., of Boise, Ida., who last April won the Legion's national high school oratorical contest, and a \$4,000 university scholarship, recited his winning oration, "The American Way of Life."

A majority of 1,478 delegates

## State Employment Up; Payrolls Down

Springfield, Ill., Sept. 18.—(AP)—The roster of full-time state employees increased slightly during August but payroll payments went down, official records showed today.

Full time employees numbered 26,066 last month, a gain of 70 over July. Salary payments totaled \$3,442,515 for August, a drop of \$71,721 from the July amount.

Official figures were not available as to part time employees, such as those on highway maintenance crews. The number of part time employees varies from about 5,000 to 20,000.

Records in the office of Auditor Arthur C. Lueder showed the largest August payroll increase was in the conservation department, where the number of employees was 325, an increase of 91 over July.

The newly created public safety department was listed as having 1,954 employees, of which 1,922 were transfers from other departments.

Transferred from the welfare department to the safety department were 1,239 penal institution employees, as well as others from the welfare, insurance and public works and buildings departments.

**From Major General Clinin**  
"May I compliment you, your officers and men for the splendid showing made by them upon the occasion of Louella Parsons Day in Dixon, Monday, Sept. 15, 1941."

"From my personal observations of the manner in which the program was conducted, I am certain that the contribution made by your command had considerable to do with the efficient manner in which said program was carried out. Please extend my sincere thanks to the officers and members of your company and express to them my sincere appreciation."

**From Miss Parsons**  
"The Home Guards did such a magnificent job in handling the big crowds that I want to thank them. I should like to have had time to shake hands with each of them personally. Since I didn't, I'm en-

## Paper Is Late

Publication and delivery of The Telegraph was delayed today by an accident in the press room which disabled the big newspaper press. Stereotyped plates were taken to Sterling, where the Sterling Gazette very courteously printed the papers, which then had to be brought back to Dixon for distribution. It is hoped the press can be repaired before usual publication time Friday.

## Terse News

### Attend Sister's Funeral—

Mr. and Mrs. Frank Chare attended the funeral of the latter's sister, Mrs. Charles Stone, in Janesville, Wis., Wednesday morning.

### Musical Horn Brings Fine—

Charles Wallace was assessed a fine of \$1 and costs by Justice J. O. Shaulis in police court today on a charge of operating a musical horn on his automobile.

### Licensed Here to Wed—

Marriage licenses have been issued by County Clerk Sterling Schrock to: William H. Johnson of Ohio and Miss Leone W. Morrisey of Walton; and John Robert Lee and Miss Kathryn Reis, both of Dixon.

### Lost Wallet in Theater—

Don Cramer of Belvidere reported to the police last night at 11:30 o'clock the loss of a billfold containing about \$100 in cash and traveler's checks. The billfold was found on the floor of the Dixon theater this morning by an employee and Patrolman Glessner and was returned to the owner.

### In State Supreme Court—

Attorneys Henry C. Warner and John P. Devine of Dixon and F. J. Stransky of Savanna will go to Springfield tomorrow to present oral arguments in the cases of Daven vs. Downey and Scott vs. Eden, which have been appealed from the Lee county Circuit court.

### New Rural Electric Lines—

The Illinois Commerce Commission today authorized the Illinois Northern Utilities Co. to construct 41.65 miles of rural electric lines in Lee, Kendall, LaSalle, DeKalb, Ogle, Carroll, Bureau, Henry, Whiteside, Mercer, Jo Daviess and Stephenson counties.

### Breaks Arm While Playing—

Beverly Beier, daughter of Mr. and Mrs. George Beier, 306 North Jefferson avenue, suffered a fracture of the right wrist yesterday afternoon in an accidental fall at her home while playing with several children. She was taken to the Dixon public hospital where the fracture was reduced and was able to resume her school duties today.

### Hearing Is Continued—

An information charging Harry Miller of this city with malicious mischief in the burning of two mattresses valued at \$15 in the city jail on the night of Sept. 14, was filed before Judge Grover Gehant in Lee County court today. When arraigned, the hearing was set for Monday morning at 10 o'clock and in default of \$1,000 bond, Miller was remanded to the county jail.

### Seeks Damages of \$500—

Joseph Chybik of Chicago today filed a complaint at law in the Lee county Circuit court, naming John Rybick of Sterling as defendant. The complaint charges that Rybick was negligent and malicious in the operation of his automobile on Nov. 24, 1940, on U. S. route 30, seven miles east of Dixon, resulting in a collision with the Chicagoans machine. Chybik seeks judgment in the amount of \$500.

### Anyone Going to College?

The Telegraph is compiling its annual list of Dixon high school

(Continued on Page 8)

## The Weather

THURSDAY, SEPT. 18, 1941

(By The Associated Press)  
Chicago and vicinity: Fair tonight, Friday partly cloudy and slightly warmer.

Further outlook: Saturday partly cloudy and warmer with showers.

Illinois: Fair, slightly warmer north and central tonight; Friday partly cloudy and somewhat warmer.

Wisconsin: Partly cloudy and warmer, a few widely scattered thundershowers north tonight and Friday; increasing south winds becoming fresh over west portion.

Iowa: Partly cloudy, warmer except extreme west tonight; Friday partly cloudy, scattered showers and thundershowers west and north-central, warmer east; increasing southerly winds becoming fresh.

### LOCAL WEATHER

For the 24 hours ending at 7 a. m. today: maximum temperature 80, minimum 47; clear.

Friday: sun rises at 5:44; sets at 6:03.

## General Strike of All Coast Shipping Threatened Today

### Maritime Commission Ultimatum Rejected by Union

#### (By The Associated Press)

The AFL Seafarers International Union rejected today a Maritime Commission ultimatum to arbitrate a war bonu. dispute and threatened a general strike of coastwise and intercoastal shipping.

A spokesman for the union announced this in New York, following a hurried conference of Weehawken, N. J., of union representatives and the owners of 11 strike bound ships.

The commission's ultimatum, delivered last night, was that unless arbitration proceedings were started immediately the government would requisition the vessels which have been held at dock six days by the labor dispute. Capt. Granville Conway of the commission said he had set noon as the deadline for action on the disputants.

Seven of the vessels are in New York harbor, two in New Orleans and one each at Boston and Mobile. They are owned by the Alcoa, Calmar, Robin and Waterman lines.

### Strike Called Saturday

The Seafarers International Union (AFL) called a strike Saturday, demanding increases above the present \$60 a month war bonuses paid by some lines for trips to war-menaced waters. The seamen and the ship owners thus have failed to arbitrate their differences.

AFL sailors on the Pacific coast were reported ready to join in the walkout today unless shipping companies met their demands.

A second conference was called by the mediation board at Washington today in an effort to obtain an agreement for reopening a group of "captive" soft coal mines in Pennsylvania, West Virginia and Kentucky, owned by major steel companies.

### Miners Still Out

The 43,000 striking CIO United

(Continued on Page 8)

## Revolutionary Cargo Ship Announced Today

Washington, Sept. 18.—(AP)—The navy announced today a cargo ship of revolutionary design which it was said could be produced by hundreds in much shorter time than present types and might offset sea losses of free nations.

Light in weight, simple in construction, relatively cheap both in original cost and upkeep, this craft, the navy said, would challenge the submarine.

The first freighter has been named the "Sea Otter". It will carry a net 1,500 tons of cargo. It is only 270 feet long overall and when loaded, displaces 1,900 tons.

"The real revolution in design," the navy said, "was wrought in the application of power. A means has been discovered of driving a six foot propeller, sunk into the water amidships. No less than 16 gasoline engines drive the vertical shaft much after the manner of the outboard motor."

## Gas Restrictions in East Will Continue

Washington, Sept. 18.—(AP)—Secretary of Interior Ickes, the defense petroleum coordinator, declared today the rationing of gasoline and the filling station curfew would continue in the east, despite a finding by a senate committee that there was no oil shortage and that present restrictions should be lifted.

"To take off all restrictions now, and yell 'Come and get it', Ickes declared, "would be stupid."

In his first press conference since the committee wound up its oil investigation September 11, the coordinator said the problem of an oil shortage did exist, and he cited figures to show that for the week ending September 13 gasoline stocks on the east coast dropped 565,000 barrels.

## Radio-Controlled Aerial Torpedo Interests Navy Men

Vallejo, Calif., Sept. 18.—(AP)—Army officials expressed keen interest in a strange looking radio-controlled aerial torpedo developed by a Mare island navy yard engineer.

They watched his experiments with a six-foot working model in a field near Vallejo and recommended that he continue tests and make a complete report. Such a torpedo could open up a totally new branch of aerial warfare.

The winged torpedo, which operates on a gyroscope principle, is designed to fly at an altitude of 30,000 feet. Carrying a load of bombs, it would be set at the sending point to power dive at terrific speed into a designated enemy target, spraying bombs over a wide area.

## Sends Regrets

Los Angeles, Calif., Sept. 18.—(AP)—Four hundred cords at the University of Southern California awaited for the occupant of a vacant chair at the annual YWCA freshman breakfast.

The place card read "Miss Lee Phillips of Ingewood". Then a message arrived.

"Dear girls," it said: "It was just too lovely of you all to invite poor little me to your freshman women's breakfast, but in my social position I just couldn't attend."

It was signed "Mr. Lee Jarvis Phillips, School of Engineering".

## Kansas City Power House Workers to Continue Walkout

Kansas City, Sept. 18.—(AP)—Striking power house workers ignored an appeal from the National Mediation Board that they return to work in the interest of national defense today and voted to continue their walkout that crippled industry and for a time paralyzed the city.

Skeleton crews—180 men of a normal 350—kept plants of the Kansas City Power & Light Company in operation furnishing near normal service to Kansas City and its suburbs. Several plants in the area are engaged in defense work, including the Lake City small arms ammunition factory.

But despite assurances of city and company officials that service would be maintained without another interruption, the Sheffield Steel Corporation, holder of large defense orders, notified its 2,800 employees it was closing its huge mills until "the removal of all uncertainties as to the continuous supply of power."

### Little Violence

The company is the largest user of electricity in Kansas City.

The abrupt strike yesterday which left the city without lights, power or street car service four hours, froze tons of molten steel at the plant.

Little violence occurred the first day of the strike, although there

(Continued on Page 8)

## Says War Will Be Pres. Roosevelt's

Rochester, N. Y., Sept. 18.—(AP)—If the United States enters a shooting war in Europe, "that war must always be referred to by historians as 'President Roosevelt's War'," says Senator Gerald P. Nye (R-ND).

The single vote margin by which the house approved the bill to extend selected service 18 months represented "an alarming state of affairs" to interventionists, Nye told a citizens war committee rally last night.

"American division of thought," he added, "has seemingly forced the noninterventionists and the interventionist leaders to dire acts."

"I never dreamed that there could come into American thinking such a complete transition as has occurred in the last 12 or 18 months," Nye observed attributing this shift to "propaganda by newspaper and radio columnists, by moving picture producers and the president himself."

Nye defended Col Charles A. Lindbergh against the charge of anti-Semitism as a result of his speech at Des Moines last week in which he said the Jews, the British and the Roosevelt administration were most active in promoting intervention.

## Wheeler Charges FDR With Doing Everything To Get Nation in War

Butte, Mont., Sept. 18.—(AP)—Senator Burton K. Wheeler (D-Mont.) said last night that President Roosevelt's recent shooting letters to the U. S. navy indicates he is "doing everything humanly possible" to get this country into the European war.

Wheeler added that the shooting order tended to confirm rumors that Prime Minister Winston Churchill told the president, during their recent conference at sea, that England would have to make peace unless the United States came into the war with its navy within 60 days.

## Puts Curse on SEC Agent, Attorney After Receiving Sentence to Prison

Peoria, Ill., Sept. 18.—(AP)—M. James Riedel, 54, Belvidere, president of the Corn Belt Distilling Company, was convicted by a Federal court jury last night of using the mails to defraud midwestern investors of \$48,000 by promising profits up to 1000 per cent.

Unable to post new bond of \$12,000, Riedel was placed in jail to await a hearing Tuesday on motion for a new trial. The maximum penalty for conviction on nine counts of the indictment would be 45 years' imprisonment.

Roy L. Tweddale, Peoria, secretary-treasurer of the company who pleaded guilty and testified

## Russians in Dire Need of Equipment, Weapons as Her Losses Increase

### The War Today!

etain shrdtu cmfwyp vbgkqJET  
By DEWITT MACKENZIE  
(Telegraph Special Service)

Secretary of the Navy Knox's announcement that American warships are to be used in convoying our merchantmen should cause little surprise, inasmuch as there is no other way in which the safety of cargo boats can be ensured.

That is the corollary to President Roosevelt's order that shipping be protected in our defensive waters. If that order is to be enforced there is no alternative to the employment of strong naval escorts, well bolstered with the fast, tough destroyers which make a special business of dealing with submarines. Either you convoy your ships or many of them will be sunk.

The situation is emphasized by the statement today from Dienst Aus Deutschland, authoritative German commentary, that U-boats have sunk 30,000 tons of shipping daily for the last ten days in the North Atlantic. There is no confirmation of this claim. On May 27, President Roosevelt summed the position up thus grimly:

"The blunt truth of this seems to be this—and I reveal this with the full knowledge of the British government: The present rate of nazi sinkings of merchant ships is more than three times as high as the capacity of British shipyards to replace them; it is more than twice the combined British and American output of merchant ships today."

A continuation of such a loss must mean that American aid would be rotting at the bottom of the sea, and that the allies would meet defeat. Lack of sufficient British warships to protect shipping has been a major cause of these heavy losses. A somewhat similar situation in the World war almost brought disaster to the allies, and it was the inauguration of strong American naval convoys which had much to do with saving the day.

Will there be shooting between our convoys and nazi raiders? Of course there will, for it must be expected that U-boats will invade our North Atlantic route to Iceland.

However, it remains to be seen whether Herr Hitler will force the issue far enough to bring on war, or whether he will try to avoid it by devoting most of his efforts to British territorial waters.

There has been a distinct slowing down of the U-boat campaign for some weeks now, but we can be sure that this is only a temporary respite. Hitler hasn't been employing anything like the tactics of the last war.

(Continued on Page 8)

## Morrison Parades in Honor of Queen Toni

Morrison closed up shop Tuesday afternoon to honor Miss Doris (Toni) Harding, who was selected as Queen of the Rock River Valley at the Hollywood ball in Dixon Monday night, which brought the Louella Parsons Day celebration to a close.

A parade was headed by the Morrison high school band and Miss Harding rode in a large open car with her ladies-in-waiting, Verryle Kinsel and Betty Curtis on either side. Following the car bearing the girls were the students from several of the lower grades and many other students in cars. The parade formed at the school, proceeded down Main street and then returned.

### Wasted His Time

Cincinnati, Sept. 18.—(AP)—Jerome Hoerstrung, 22, who spent 17 days in jail rather than report for army induction was wasting his time. He finally gave in to the selective service act and then flunked his physical examination at Fort Thomas, Ky.

for the government, has asked for probation.

"I'm putting a curse on you," Riedel told William P. Meyer, Securities & Exchange Commission investigator, and John O'Connor, SEC attorney, after court adjourned. "You'll live to regret what you've done."

The government charged Riedel and Tweddale sold stock in the company, falsely representing it as the owner of a distillery which Riedel had bought in his own name. They said the distillery would be operating in 90 days and orders on hand assured profits up to 1000 per cent, the government alleged.

## News from Front is Dark for Soviet Armies Today

#### (By The Associated Press)

High London quarters, declaring that "the whole history of the world" hinges on the bloody campaign in Russia, said late today that Britain and the United States must rush a Niagara of supplies to the U. S. S. R. to make up soviet losses and prevent a disastrous turn for the allies.

## Ford-Hopkins Drug Store in Dixon is Greatly Improved

### New Equipment Added; Store Completely Redecorated

"It is the aim of the Ford-Hopkins Drug Co. to make any improvements and changes that they see fit in order to better serve our customers," said Robert Thompson, manager of the Dixon Ford-Hopkins drug store, and with this in mind a complete remodeling and rearrangement of the store has just been completed.

One of the principal changes is the new 40-foot fountain and attractive back bar. Also the back of the store has been moved seven feet to allow for added dining room and display space.

A brand new prescription department is so equipped and arranged as to facilitate fast and accurate work.

The interior of the store underwent a complete paint job, ably supervised by Lester Messner, local painting contractor. New flooring and flooring repairs were made and display cases arranged so as to give the customer more room.

**Air Conditioner**  
With a thought for the customer's comfort an air conditioner was installed. This machine brings in the air, filters it, and cools it.

According to Peter Groot, fountain manager, the new fountain has many added bits of equipment that aid in better service. Among these are roll warmers, short order stove, frier and grill. The fountain will seat 16 people and the entire dining room will seat 96.

The work was under the capable direction of George Linquist, local contractor. Both Mr. Thompson and his assistant, Raymond Finley, along with the personnel of the store, extend a cordial invitation to visit them and inspect the store.

**FUEL TAXES ALLOTTED**  
Springfield, Ill., Sept. 18—(AP)—Finance Director George B. McKibbin announced today that \$1,454,024 had been allotted to Illinois municipalities as their share of motor fuel taxes collected in August.

Figures compiled by the Public Roads Administration show that 55.3 per cent of all travel was for business purposes. Thus, recreational and social mileage is 44.7 per cent or 128 billion miles—well under half.

#### Bridge Party

Mrs. Fred P. Feik entertained two tables at bridge at her home, 1200 Monroe street, Monday evening.

#### Bridge Club

Mrs. Herman Weisch entertained members of her bridge club Tuesday evening at her home on Illinois avenue.

#### Obituary

Funeral services for Edward J. Full of Hollywood, California, a former Mendota resident, who died in California a week ago, were held this Thursday morning at Holy Cross Catholic church. Rev. Leo J. Wissing officiated.

Full military honors were given the deceased by members of Mendota post No. 540, American Legion.

#### Men's Brotherhood Entertains

The Men's Brotherhood of the Evangelical church entertained their ladies at a supper in the church parlors Tuesday evening. Seventy-five were in attendance. Elmer Beitsch, brotherhood president, conducted a short business meeting. Elmer Feik was in charge of entertainment. Henry C. Rose gave an interesting lecture with movies of a recent vacation trip through Montana, the Dakotas and Florida.

Mrs. Robert Hallenberg of Dixon, is a guest at the homes of Mrs. C. P. Gardner and Dr. and Mrs. B. N. Hughes.

Miss Catherine Stein is ill at her home suffering with pneumonia.

Mrs. Tom Weeks, Mrs. Milford Sutton were Dixon visitors Monday evening.

Mrs. Albert Barnickie, Mrs. Milford Sutton of Mendota and Mrs. Arthur Sutton of Earlville spent Thursday in Rockford.

Mrs. Delbert Dewhart and daughter Virginia are visiting relatives in Marceline, Missouri.

Mrs. Jacob Walter spent Tuesday in Rockford.

Mrs. M. Williams of Lamoille submitted to major surgery at Harris hospital, Wednesday.

#### Methodist Family Night

Friday evening, Sept. 19, the big Methodist church family night will be held at the church, with the event beginning at 6:30 p. m. Bring your own table service, sandwiches, and a dish to pass. There will be singing, recreation, and a motion picture of American Migrant Groups, and an Epworth League cabinet meeting. The program will last until about 9:30 p. m. All are cordially invited to attend, to learn about the church program and have a fine fellowship.

#### Association Meeting

The annual meeting of the Ottawa Baptist association will be held at the Paw Paw Baptist church on Sept. 23 and 24. A very fine program has been arranged for this important meeting. On Tuesday evening, September 23, the young people will have a banquet beginning at 6:30 p. m. A popular speaker has been engaged for the rally celebration.

On Wednesday morning a business session will be in order at 9:00. Interesting program features are on the schedule for both day and evening services. Dr. Charles Koller, president of the Northern Baptist Theological Seminary will deliver the message for the morning, and will be in charge of the men's meeting in the afternoon session. Four of the outstanding leaders in the Northern Baptist convention will appear in the program schedule.

## Interior of Re-Decorated Drug Store

An interior view of the Ford Hopkins Drug Store which has just been remodeled. New fountain and other equipment have been arranged to give customers better service.

in both afternoon and evening programs. All are invited to attend, to hear these fine speakers, and to witness the extraordinary program.

#### Willing Workers

The Willing Workers members of the Baptist church met on Wednesday afternoon at the church parlors. After the delicious dinner a short program and business session was held. The hostesses at the meeting were Mrs. Vegna Boston and Mrs. James Prentice.

Mr. and Mrs. Floyd Neiberger of Chicago were Sunday visitors at the Philip Neiberger home and at the Wayne Neiberger home.

Mr. and Mrs. John Gorton have returned to their home in Chicago after having spent a few days at the John Edwards home while John was recovering from an operation.

Mrs. Mabel Worsley was in Mendota on Thursday afternoon transacting business.

Mr. and Mrs. Elmer Woods and daughter, Dorothy, and Mr. and Mrs. David Hadley of Rock Falls, were Sunday visitors at the Roy Woods home.

Mr. and Mrs. Alvin Berg of Creston were Sunday visitors at the Mr. and Mrs. John Urey home.

Dr. S. C. Fleming was in Mendota on Monday afternoon transacting business matters.

Mrs. Susan Goble and daughter Bertha and Mrs. Viola Rosette enjoyed dinner in Rochelle Sunday.

Mrs. Herman Vance, Miss Mary Pfeiffer, Mrs. John Urey and daughter, Dorothy Jean were Mendota visitors on Saturday afternoon.

Mr. and Mrs. Roy Terry of Maple Park were in Paw Paw on Sunday afternoon visiting friends.

Mr. and Mrs. Ethel Simpson and family of Troy Grove, will soon move to Paw Paw. They will occupy the Mrs. Cinnie Morrow Strong residence in the north end of town. Mr. Simpson will continue in the employment of the Conkey company in Mendota.

A great many Paw Paw folks journeyed to Dixon on Sunday and Monday to enjoy the great festivities for Louella Parsons and "Dutch" Reagan and other famous

Hollywood celebrities. All reported the program to be most interesting.

Mr. and Mrs. Donald Terry of Chicago were week end guests at the Mr. and Mrs. Irv Terry home.

The local Scouts are planning to take part in the annual Scout circus at Belvidere on Friday, Sept. 26. Demonstrations will be given.

Mr. and Mrs. Roy Blee and Mr. and Mrs. George Effending were Dixon visitors on Monday afternoon.

Mr. and Mrs. John Hahn and family of Madison, S. D., and Mrs. Dora Hahn of Rogwell, S. D., were Wednesday guests at the Harold Hoelzer home.

Mrs. Albert Mathesius and Miss Pearl Nixdorf of Mendota were Monday evening callers of Richard Mead and the Frank Clemons home.

The Rev. and Mrs. James H. Hagerty drove to Chicago on Monday. Mrs. Hagerty visited an old friend in the St. Luke's hospital, and Mr. Hagerty attended the Chicago Preachers meeting, and delivered 15 bags of Good-Will materials to that institution, and also obtained Sunday school supplies.

Richard Kellogg of Earlville was in Paw Paw yesterday transacting business matters.

Orville Englehart attended the big dealer meeting of the John Deere Company at Moline last week.

Mr. and Mrs. Earl Ikeler returned to their home from their tour of the eastern states and visiting relatives in Pennsylvania.

Everett Urish was in Iowa on Tuesday and in Chicago on Wednesday transacting business.

Antone Heafner and Mrs. Hazel Mead were in Ottawa on Wednesday afternoon transacting business.

#### Methodist Church

James H. Hagerty, pastor. "We no longer believe in Him simply because of your statements; for we have now heard for ourselves, and we know that this man is really the Saviour of the World"—John 4:42 Weymouth.

Sunday school at 10:00 a. m. with Carl Rosenkrans as superintendent. Classes for all ages.

Morning preaching service at 11:00 a. m.

Epworth League will meet at 6:45 p. m. All are cordially invited to attend the worship.

Junior League at the parsonage at 4:00 p. m. meeting at the parsonage.

Remember the family night, Sept. 19.

Is yours a 5-point Christian home?

#### Presbyterian Church

J. Edward Dirks, pastor. 10:00 o'clock is Sunday school services with Frank Nangle as superintendent.

Plans have been made for the organization of a young people's class in the Sunday school to consider together the implications of Christ's Gospel, as found in the doctrines of the orthodox Reformed church. This group will use as its guide the Westminster shorter catechism, of which there will be sufficient copies for everyone interested in such a course. This class will meet regularly during the Sunday school hour, and

everyone is invited to begin with us Sunday morning.

11:00 o'clock the Divine morning worship; the topic of the sermon will be, "This Day of Good Tidings." Certainly this is the day of anything but good news as far as the conditions of the world are concerned. However with us we still have the "Good Tidings" or Gospel of Christ, ever fresh, new, and invigorating. If you are perplexed by the tidings of the world, come to worship with us Sunday, hearing again in the midst of confusion the Good Tidings of Christianity.

#### Baptist Church

Herman Meyer, pastor. Sunday school services at 10:00 a. m. with Mrs. Forrest Brewer as superintendent. Classes for all ages.

Morning worship at 11:00 a. m. Sermon subject: "It Is Finished." Evening worship service at 7:30 p. m. Sermon Subject: "At Ease." Mid week services on Thursday evening at the church parlors.

## West Brooklyn

#### Church Notes

Sunday masses at St. Mary's Catholic church will be at 7 and 9 o'clock. Both will be low masses with benediction following the 7 o'clock mass. Sunday will be communion day for children of the parish. Confessions on Saturday evening.

#### Bingo Party

The Young Ladies' club of St. Mary's parish will sponsor a bingo party at the parish hall on Sunday evening at 8 o'clock. Proceeds of this party will be used to purchase library books for the parochial school.

#### Birthday Party

Mr. and Mrs. Ernest Bonto entertained at their home on Sunday with a dinner in honor of two birthday anniversaries, that of their son, Leroy and of their daughter-in-law, Mrs. Arthur Ponto. Attending the happy event were Mrs. Kate Miller, son Edward, Ivan Miller, Mr. and Mrs. Fred Iwmmke, Mr. and Mrs. Floyd Iwmmke, son Frederick and Mrs. John Branz, all of Pontiac, the honored guests and Arthur Ponto of this place.

#### Election of Officers

Albert Gehant and sons Robert and Gene spent Monday evening in Mendota attending a football game.

Mr. and Mrs. Steve Hart of near Paw Paw and Mrs. Margaret Schneider of this place spent Tuesday in Rockford visiting with relatives.

#### BARKING DOGS

When a dog barks, he holds his head high, leaving his throat exposed. When he growls, he lowers his head, for a growl means impending attack, and the vulnerable neck is guarded by the sinking of the head.

There were 62,582 buses registered in the U. S. in 1940.

## America First Head Committee Is Called to Conference Today

Chicago, Sept. 18—(AP)—Members of the national executive committee of the America First Committee were summoned to a meeting here today by Chairman Gen. Robert E. Wood to discuss President Roosevelt's recent speech regarding naval operations.

A spokesman at the organization's national headquarters said that Charles A. Lindbergh's Des Moines speech also might be brought into the discussion.

No mention of the Lindbergh speech was made, however, in Gen. Wood's communication to committee members concerning today's meeting in executive session.

## Hockey-Playing Pupils Face Ouster from H. S.

Allentown, Pa., Sept. 18—(AP)—Several hundred students who played hockey from high school and stormed gates of the Allentown fair faced conditional suspension today with a warning it would be extended unless they appeared at school with their parents within 24 hours.

The school board voted the disciplinary action after the pupils rebelled against cancellation of the traditional three-day fair holiday as a precautionary measure because of the state's infantile paralysis outbreak.

A new railroad freight car costs about \$3,000.

umn on classified page.

A Thought for Today

There is nothing from without a man,  
that entering into him can defile him; but  
things which come out of him, those are  
they that defile the man.—Mark 7:15.

What can't be cured must be endured.  
—Burton.

Slugging Toe to Toe

Russia's astonishing military comeback in the  
center of the long line of battle which extends from  
Leningrad to the Black sea seems to indicate that  
decisions have been formed by Hitler and his first-  
while pal, Stalin.

Hitler seems obsessed by the idea that if he  
can take Leningrad he will have delivered a punch  
from which Uncle Joe can not recover. Uncle Joe,  
likewise, seems to set great store by Leningrad.  
Both of them love that city, apparently.

In order to be sure of taking Leningrad before  
winter begins, Adolf seems to have withdrawn some  
troops from the rest of the line, particularly from  
the center. We think that is important, if true. It  
is an indication that Hitler doesn't have unlimited  
manpower at his command. To be strong at the  
north end of the line, Adolf weakens his center.

Now if the situation were reversed—if Joe were  
lacking in manpower, he would have to withdraw  
troops from one part of the line so as to defend an-  
other part. But that doesn't seem to have happened.  
While making a very respectable defense of Lenin-  
grad, Uncle Joe seems to have gained strength in the  
center.

All this seems important. Regardless of Rus-  
sia's 12 million available trained soldiers and Joe's  
large number of tanks, the Reds are not regarded as  
a first-rate military power. They could be—and  
before this war ends they may be—a mighty force.  
The fact is that Hitler barged into a country that  
was militarily great only in the sense that it was  
determined to defend itself, and instead of defeat-  
ing Russia in a month, as the nazis themselves ex-  
pected, they will be lucky to have won a compromise  
peace before next fall.

It is possible, however, that the fall of Lenin-  
grad might cause Joe to throw up his hands, and  
that Hitler knows this. At any rate Adolf seems  
to be determined to take punches in the stomach  
while he hammers Joe on the chin. And then  
everybody may be mistaken. At the beginning of  
the war the army of France was regarded as the  
world's very finest. When Adolf punctured that  
balloon the experts decided the nazis had the world's  
most powerful army. When Uncle Joe had such a  
terrible time trying to defeat Finland and was  
compelled to leave part of Finland intact, the ex-  
perts thought Joe had absolutely the world's worst

army. But now the world's most powerful army  
(Hitler's) has bumped up against the world's worst  
army (Joe's) and Joe seems a long way from tak-  
ing the count.

How the Dog Gets By

If you have porterhouse steak to feed your dog,  
he will be perfectly happy. On the other hand, if  
you have only table scraps for his dinner, he will  
lick your hand just the same. And if you are so  
poor you have no table leavings the dog will not  
complain. He will raid the neighbors' back yards  
or catch a rabbit, and remain your friend.

It is surprising, therefore, to read that Dr. Jo-  
seph E. Fletcher of the Episcopal Graduate School  
of Applied Christianity, has added up the figures on  
what it costs Americans to maintain their dogs. The  
public paid 750 million dollars for dogs and their  
upkeep in one year. Part of the bill was for  
buying dogs, part for feed, part for dog shows and  
hospitalization, rehabilitation, etc., and part, we  
hear, for nail polish for canines.

On the other hand, the American public con-  
tributed a little less than 519 million dollars in the  
same year for churches. The illogical conclusion  
would be that Americans care more for their pooches  
than they do for churches; or that religion is of  
less value than the canine population. That, of  
course, is not true. There must be a reason why  
dogs command more money than churches.

Perhaps the reason is that the dog flatters our  
vanity. No matter how worthless a man may be as  
a citizen, his dog treats him as though he were a  
big shot. If, in a moment of temper, a man lofts  
his dog over the fence with inconsiderate tone, the  
dog doesn't hold a grudge. He sneaks back after  
a while, apologizes for something he didn't do, and  
asks how about making friends.

Your preacher doesn't act that way. If you fall  
considerably short of perfection your preacher will  
fix you with prophetic eye from the pulpit and re-  
mind you of your duty to your soul and humanity.  
So you drop a dime in the collection plate to save  
your conscience, and buy a manicure for the dog  
that thinks you're already a whiz. It's a human  
weakness, but it makes hard going for the churches.

Hope From the Burma Road

American trucking experts just returned from  
China, where they have been advising Chiang Kai-  
Shek on increasing and safeguarding traffic on the  
vital Burma Road, bring with them encouraging  
news. According to Daniel G. Arnstein, one of  
them, no amount of Japanese bombing will ever  
close that road. Arnstein was over every foot of it,  
studying it critically and making a valuable report  
to Chiang on increasing the traffic which is car-  
rying vital war supplies to China. It cannot be  
bombed beyond a point where quick and effective  
repair is possible, Arnstein believes.

The Chinese, then, have done their part in  
building this magnificent artery of freedom. It re-  
mains for other friends of freedom to keep the  
life-blood supplies flowing into it.

If we get around to clothes rationing, some of  
the ladies are bound to become irrational.

To most married men a stitch in time is quite  
a surprise.

Suburban—

JOHN JACOB BARTON  
(Contributed)

John Jacob Barton, who was  
born and reared in Sublette, Illi-  
nois, passed away at 7 o'clock  
Sunday evening at the age of 76  
years. Death was caused by pneu-  
monia and complications.

Mr. Barton was returning home  
from a trip to Spokane, Wash-  
ington where he had spent two very  
pleasant weeks visiting his sister,  
Mrs. Grace McLaren, thence to  
Seattle, Portland and Los Angeles  
when he became ill and was taken  
to a hospital in Chicago. He was  
then brought to Sublette by am-  
bulance, Sunday, August 31.

John Jacob Barton, son of Dr.  
Jacob Bostedo and Helen Methven  
Barton, was born Sept. 20, 1865  
at Sublette, Illinois. He received  
his early education in the Sublette  
school but due to ill health of his  
parents he felt it necessary to  
defer seeking a college education  
until later in life. In 1893, at the  
age of 28 years, he went to Berea,  
Ky., where he worked at various  
tasks and taught school while at-  
tending Berea college. In 1903 he  
was married to Anna Lucille Wal-  
ter of Lancaster, Ky., and in 1905  
returned to Sublette. On Oct. 30th  
of that year he was appointed  
postmaster, in which capacity he  
served faithfully for 34 years and  
3 months, during which long pe-  
riod he lost but three weeks due  
to illness.

At the time of his retirement  
from office on the evening of Feb.  
1, 1940, friends, neighbors, and  
patrons of the Sublette post office  
assembled at the Sublette Commu-  
nity Hall for the purpose of ex-  
pressing their appreciation of his  
long services and to pay tribute  
to Mr. and Mrs. Barton, who have  
given so much of their lives in  
service to their community. At  
this friendly gathering Mr. Bar-  
ton said: "If I were to go back  
34 years and had my choice of  
where I could be postmaster, I  
would choose Sublette, as I know  
that the people here are nice to  
get along with."

Being of a legal trend of mind,  
Mr. Barton was always generous  
in counsel on business matters to  
others seeking his advice.

On leaving the office of post-  
master, he retired with, as he  
said in his own words, "the kind-  
liest feelings toward all and be-  
lieved that these feelings were re-  
ciprocated." He was an active  
member and a trustee of the Sub-  
lette Union church, and secretary  
and treasurer of the Evergreen  
Cemetery Association. During his  
long term in office he attended  
many Postmasters' Conventions of  
the Postmasters' National League  
of which he was a member.  
Those left to mourn Mr. Bar-  
ton's passing are his widow, Anna

Lucille Barton; one daughter, Mrs.  
W. E. Johnson, of Danville, Ind.,  
two sons, William W. Chicago, and  
Herbert M. Milwaukee, Wis.; three  
grandchildren, Sharon Ann Barton,  
10, Donald Barton Johnson, 8, and  
Robert John Barton, 14 months;  
one sister, Mrs. Grace McLaren,  
Spokane, Washington.

He was preceded in death by  
two brothers, Dr. William E. Bar-  
ton, 1930; George Herbert Bar-  
ton, 1873, and one sister, Mary  
Patterson, 1914.

Funerals

Suburban—

MRS. CHARLES WALKUP  
(Telegraph Special Service)

Mount Morris, Sept. 18.—The  
funeral of Mrs. Charles Walkup,  
84, who passed away Wednesday  
at the home of her daughter, Mrs.  
Harry Kable, 106 North Seminary  
avenue, will be held at the Kable  
residence at 2:00 o'clock Friday  
afternoon, with burial in the Mt.  
Zion cemetery in Pine Creek town-  
ship.

Mrs. Walkup, widow of a former  
Oregon postmaster, had been con-  
fined to her bed for more than a  
year before her death. Surviving  
are two daughters, Mrs. Kable and  
Mrs. Walter Haney, who lives east  
of Mt. Morris; two sons, Clyde and  
Harold Walkup, both of Mt. Mor-  
ris, and a brother, Dr. W. H. Lit-  
tle, Chicago. Before moving to  
Mt. Morris, Mrs. Walkup had re-  
sided in Oregon and in Pine Creek  
township.

Second Army Drives Into  
Center of Third Army  
Battle Line

By JERRY BAULCH

With Second Army, Sept. 18—  
(AP)—Hundreds of rumbling  
tanks and thousands of horses,  
working side by side, drove a de-  
vastating wedge through the cen-  
ter of the Third Army's front to-  
day with 100,000 infantry and  
artillery troops following in their  
wake.

This development came as the  
initial phase of the giant war ma-  
neuvres neared a close and indi-  
cations were that a recess until  
Monday would be called today.

The surprise move in the cen-  
ter found Lieut. General Walter  
Krueger's Third Army virtually  
unprepared and reduced the effec-  
tiveness of 200 anti-tank guns  
massed on the Texas border.

Krueger had made most of his  
efforts on the two flanks, setting  
up a strong defense along the Red  
river between Alexandria and Col-  
fax, La., on the east, and along  
the Sabine river between the Gulf  
of Mexico and Zwolle, La., on the  
west. Apparently he was protect-  
ing himself against the usual ar-  
mored tactics of encircling the  
enemy flanks.

He had drawn back the center  
of the line to form a pocket for  
Lieut. General Ben Lear's Second  
Army infantry and artillery in  
an attempt to draw Maj. General  
C. S. Scott's armored corps in  
a pincer around the west, where  
anti-tank batteries were set up  
for the kill.

Games at Highest Pitch  
The Eighth Corps with three di-  
visions of the front from Leesville  
to Hornbeck, La., and the Fourth  
Corps near Deridder and Oakdale,  
La., bore the brunt of the com-  
bined attack by all branches of  
the Second Army.

While bombers blasted at enemy  
concentrations in front of the

HOLD EVERYTHING

"If you ask me, I think it's a lot of monkey business."

NOW  
SHE SHOPS  
"CASH AND CARRY"

Without Painful Backache

Many sufferers relieve nagging backache  
quickly, once they discover that the real  
cause of their trouble may be tired kidneys.  
The kidneys are Nature's chief way of tak-  
ing the excess acids and waste out of the  
blood. They help most people pass about 3  
pints a day.

When disorder of kidney function permits  
poisonous matter to remain in your blood, it  
may cause nagging backache, rheumatic pains,  
leg pains, loss of pep and energy, getting up  
at night, swelling, puffiness under the eyes,  
headaches and dizziness. Frequent or scanty  
passages with smarting and burning some-  
times shows there is something wrong with  
your kidneys or bladder.

Don't wait! Ask your druggist for Doan's  
Pills, used successfully by millions for over  
40 years. They give happy relief and will help  
the 15 miles of kidney tubes flush out poison-  
ous waste from your blood. Get Doan's Pills.

SERIAL STORY

BRIDE FROM THE SKY

BY HELEN WELSHIMER

COPYRIGHT, 1941,  
NEA SERVICE, INC.

THE STORY: Aviator Sandy  
Ammerman tries to explain by  
long distance to assistant man-  
ager Judy Allen that there  
is no truth to newspaper stories  
linking him romantically with  
heiress Peg Gordon. Judy, wound-  
ed, pretends she does not care,  
even though she told airline offi-  
cials that she was Sandy's fiancée  
when she sought information  
after he had disappeared. She  
keeps an engagement with Philip  
Rogers, handsome, devoted young  
attorney, who obviously has a  
question to ask her.

OFFER OF MARRIAGE

CHAPTER X

PHILIP and Judy were seated  
at a candle-light table for  
two in the egg-shaped dining room  
of a hotel across from Central  
Park. The dining room was on  
the highest floor. The table to  
which the head waiter directed  
them was near the glassed en-  
closure at the front of the room.  
Outside the rain still flung silver  
magic and the lights of the park  
swung in the mist like distant  
yellow balloons.

Judy looked steadily at Philip  
as he said: "Darling, I've been  
trying to explain for five minutes  
that I want to marry you. I love  
you, if that helps any."

If that helps any. . .  
Of course it did. Especially  
when someone whose tall, lean  
strength was a Gibraltar in the  
midst of storm said the three  
words which every girl wanted  
to hear.

But how could she forget eyes  
that spanned mountains and  
bright hair that defied hats and  
helmets? How could she slide one  
man's picture out of the frame in  
her heart to let another's in?

She liked Philip and had known  
him for so long. She had been  
expecting this question and knew  
that life would be safer, more  
serene, and lead to happier land-  
ings in the end. Judy knew her  
answer.

But first she had a question to  
ask. "Sara?"

"Sara is of no importance to  
us, Judy," he answered. "My  
plans with her didn't amount to  
a row of beans. It was you I  
wanted to see when I came up  
town at noon."

"About what?" She sipped some  
cold tomato juice, for the tea hour  
had slipped into the dinner hour  
while they lingered.

"The book has gone to press,  
carrying her by-line over your  
story. You can object or pass up

the incident. Your editor doesn't  
know about it. Your own cor-  
rected proof sheets came in too  
late for her reading. But that  
other question, Judy dear? The  
one about marrying me?"

A stream of old songs had been  
floating softly from a string or-  
chestra in the corner. Just now  
someone was crooning unfamiliar  
words:

"Breeze, that blew my gal  
away,  
"I've had the blues all day;  
"Once early morn."  
The words had been wistful and  
nostalgic when Judy was around  
10 years old, wearing her curls  
tied up with a bright blue ribbon.  
Yet something in the revival of  
the old song was perennially new  
and sad.

SHE looked into Philip's eyes,  
her own grave and a little wet.  
Phil was . . . splendid. Yes,  
splendid. Dark, tall, young, cor-  
rectly handsome in a virile way,  
wealthy, popular, yet not quite  
as wide-shouldered, never as  
slouching, or as swift, as another  
man who so short a time ago had  
said, "I love you."

Oh, you could put all the good  
adjectives in the world in a hat,  
shake them up, and anything you  
pulled out would suit Philip.  
Furthermore, he was depend-  
able. He was steadfast, devoted,  
reliable. He had a sense of humor  
and a fortune. He would always  
provide beefsteak for his table  
and leggings for his children.

And Sandy was gone. Sandy  
who used his plane as a jitney,  
first for one heart, then another.  
Sandy, who was bringing Peg  
through. Her smooth cheeks deep-  
ened her color as she remem-  
bered she had proffered a love  
Sandy no longer needed.

Philip's eyes had not strayed  
since he had asked his question.  
Philip's voice was as gentle as  
before when he repeated his ques-  
tion.

With a quick determination  
Judy swung the door shut on the  
compartiment in her heart marked  
Sandy. Silently she flung a men-  
tal key out of a great glass win-  
dow into the budding leaves of  
the park.

Sandy had been infatuation,  
youth that never quite left you.  
Philip was love. Security. Un-  
failing devotion. Roots.

In the fraction of a moment  
while she thought she made her  
decision. Her face was white now,  
but her eyes deepened their purple  
shadows as she smiled at Philip.

"I'd love marrying you, Philip,"  
she answered quietly.

She saw new radiance in his  
eyes and felt a swifter beat in

her own pulse. Oh, surely you  
couldn't be in love with two peo-  
ple at once. You might love two  
men at once. But to be in love  
with both of them—ah, that was  
different. Maybe a man could  
carry a double devotion. A woman  
couldn't.

She laughed softly when Philip,  
who was asking the waiter to  
bring the check, looked at her in-  
quiringly. She gave him a foolish  
answer. She was thinking that she  
should have known long ago that  
Sandy was only Pierrot or Harle-  
quin, adding moments of gaiety as  
he flew against the wind.

Philip was the husband every  
woman wanted. Suddenly she  
wanted his arms around her, his  
lips against hers. Somehow, with-  
out words she must let him know  
she loved him, that the past and  
Sandy would not cross the Rockies  
so far as she was concerned.

Philip matched her mood. He  
had his long, swift roadster parked  
downtown. They took a taxicab  
to its address, climbed into the  
car and followed the Hudson river  
along the Speedway to the George  
Washington bridge that swung in  
silver mist against the rainy night.  
They crossed the bridge and rode  
far up the Palisades.

WHEN Philip swung the car  
around to start home, Judy  
sighed happily and sleepily. The  
mood stayed with her until she  
had undressed, bathed, given her  
ruset curls one hundred upward,  
outward strokes and flung her  
windows to the darkness and the  
rain.

People forgot things, all things,  
she murmured, slipping between  
soft white sheets. In time, no  
memory mattered. Sometimes you  
forgot where the hurt had been,  
why it had been.

Now she need not face the em-  
barrassment that would come  
when people learned that she fol-  
lowed Sandy, only to discover he  
and another girl were winging  
their way to the western coast.

She felt relaxed and protected  
when she fell asleep.

It was found 3 o'clock that the  
low ringing of her telephone  
wakened her. She stirred, hear-  
ing it from a great distance at  
first. As sleep left her the sound  
increased in volume. Slipping into  
rose mules and flowing rose negligee,  
she started toward the tele-  
phone. With her hand on it, she  
paused. It would be Sandy and  
she had closed the gates of her  
heart to him. She must not an-  
swer, must not let him win her  
again.

And yet . . . The bell rang with  
a last desperate appeal.

## AMBOY BAPTIST CHURCH IS SETTING FOR SUCCESSFUL FLOWER SHOW AND FESTIVAL

Fifty-two bouquets were presented to shut-ins in Amboy and vicinity, following the annual Flower Show and Fall Festival at the Baptist church in Amboy on Tuesday. Scores of guests visited the exhibits throughout the afternoon and evening.

Radio music entertained throughout the afternoon, and the evening guests were entertained with the following program: Piano solo, Mrs. Carl Rocho; vocal solo, Charles July; violin solo, Mrs. J. Swartz; reading, Mrs. Frost, Jr.; trumpet solo, Thad Elessor; song, Holbrook sisters; piano solo, Miss Margaret Roloff; vocal solo, Charles July; talk, "Gladiolus," W. Keh; "How to Arrange Flowers," Miss Mildred Entorf.

Mrs. Warren Leake, Mrs. Bruno Reinboth, and Mrs. Wayne Hanna composed the jury of judges. Ribbons were awarded as follows:

### Floriculture

Mixed bouquets—Miss Margaret Hayes, first; Mrs. Fred Killmer, second; Lucy DePew, third. Cymbals—Mrs. Grace Bruce, first; Mrs. Charles Conbar, second; Mrs. Bruce, third. Table centerpiece—Miss Margaret Hayes, first; Mrs. Walter Halsey, second; Miss Margaret Hayes, third.

Marigold—Mr. and Mrs. Andrew Myers, first; Mrs. Roy Conbar, second; Mr. and Mrs. Andrew Myers, third. Snadragons—Mrs. Henry Hicks, first; Zinnias—Mrs. George Stitzel, first; Marylu Spade, second; Mrs. George Gibson, third. Gladioli—Mr. and Mrs. Andrew Myers, first.

Mixed asters—Marylu Spade, first; Mrs. Paul March, second; Mrs. Sybilla Schamberger, third. Red asters—Mrs. Samuel Thompson, first; Mrs. Bruce, second; Mrs. Ross, third. Purple asters—Mrs. R. Smith, first. Miniature bouquets—Mrs. G. Winans, first; Marylu Spade, second and third; Daisies—Mrs. R. Smith, first.

Mrs. Glen Winans, second; Mrs. Earl Stoff, third.

Salvia—Mrs. Carl Rocho, first; Mrs. Charles Conbar, second. Miniature dahlias—Mrs. Augusta Gewcke, first. Dahlia bouquet—Mrs. Grace Bruce, first; Henry Hicks, second; Mrs. Paul March, third. Single dahlias—Henry Hicks, first, second and third. Cosmos—Mrs. Virgil Page. Wild asters—Mrs. Augusta Gewcke. Tulip poppy—Alice Parlin. Clover—Mrs. Kidd.

### Art Work

(a)—Children's work: "City of Jerusalem," Intermediate boys, first; Marcella Sweetzer's group, second; "City of Jerusalem," Intermediate girls, third; (b)—Old arts: Sampler, Mrs. Leake, first; basket, Miss Johnson; art pieces, Mrs. Spades, third; (c)—Mrs. Kidd's group, first; (d)—Mrs. Winans' bookends, made by Bruce Winans, first; (e)—Footstool cover, Mrs. Leake, first.

Hooked radio mats, Lucile Merrow, first; hooked mat, Lucile Merrow, second; crocheted chair mat, Lucile Merrow, first; braided chair mat, Mrs. Brown, first, second and third; Chenille loom mat, James Ostewig, first; thread loom centerpiece, Marcella Sweetzer, second; crocheted buffet set, Mrs. Stitzel, first; crocheted buffet set, Miss Fey, second; crocheted rug, Mrs. Fey, first; hooked rug, Mrs. Elessor, first; yam star rug, Mrs. Randall Green.

## REMAINS IN WEST

Miss Frances Longman, who has been employed in the offices of the Reynolds Wire company for the past two years, has resigned to accept a position in the personnel department of the Southern California Gas company in Los Angeles. She left for the west three weeks ago today, to spend her vacation with relatives, and is residing with her cousin, Mrs. Jay Force of 750 South Mariposa, Apartment 301, Los Angeles.

## South Dakota Couple Observe Sixtieth Year

From Mitchell, S. D. comes an account of a celebration held Saturday evening at the home of Mr. and Mrs. Herman Schultz, 1115 North Main street, in honor of their sixtieth wedding anniversary. The couple's daughter, Mrs. H. H. Field, arranged the event, inviting 75 guests in to help celebrate the happy event.

Mr. Schultz was born at Dixon, and was formerly employed at the Grand Detour plow factory. Mr. and Mrs. Schultz and their daughter, Mrs. Field, were present at the centennial of the John Deere factory, about four years ago.

Mr. and Mrs. Schultz were married Sept. 14, 1881, at Beauman, Iowa, where they resided on a farm for two years, before moving to Sully county, South Dakota. After seven years, they moved to Mitchell, where they have resided since. Mrs. Schultz is 79, and her husband is 83.

Many cut flowers and other gifts were presented to the couple in honor of their sixtieth anniversary. An informal program was presented, including a congratulatory address by a friend. Refreshments were served at the close of the evening.

### WHO'S NEW CLUB

A dessert course preceded election of officers for members of the Who's New club yesterday afternoon at the Loveland Community House. The new officers include: President, Mrs. C. F. Cramer; vice president, Mrs. E. A. Hill; secretary, Mrs. Joseph Marenza.

The retiring officers were: President, Mrs. Fred Lewis; vice president, Mrs. Ivan Sharp; secretary, Mrs. Henry Hoffman.

Mrs. Henry Witz scored high at the bridge tables later in the afternoon, and Mrs. G. L. Sims was fortunate in pinocchio.

Mrs. Elbridge Jewett and Mrs. Joseph Marenza were co-hostesses.

### DINNER HOSTS

Mr. and Mrs. William Dunphy of Walton entertained with a 6 o'clock dinner on Tuesday evening, honoring Sergt. William Vaessen of Kelley Field, San Antonio, Tex., who has been spending a 15-day furlough with his parents, the F. G. Vaessens.

Guests were Mr. and Mrs. LeRoy Dunphy and son Stanley of Dixon, and Paul Hallgust, Jr. of Harmon. Sergeant Vaessen expects to return to Kelley Field on Friday.

## Arnold Schultz Is Guest Speaker at Travel Club

Moving pictures in technicolor took members of the Dixon Travel club over thousands of miles through the south and west last evening, with Arnold Schultz as guest speaker. Miss Margaret Kling and Mrs. Jane Gannon were entertaining at the former's home.

Miss Lucile Stauffer, program chairman, introduced Mr. Schultz, whose first films pictured scenes in Florida, including St. Augustine, Orlando, Miami, Hialeah race track, Tarpon Springs and Silver Springs. Several of the pictures at Silver Springs had been snapped from a glass-bottom boat and a submarine.

Havana, Cuba was next on the itinerary. Rural scenes near the Caribbean revealed palm forests; small native homes with thatched roofs; an oxen hauling water. There were also glimpses of Havana Boulevard, constructed of terrazzo marble, and of government buildings in the Cuban capital.

Another film took the club members west and north, by way of the Bad Lands, Yellowstone and Glacier national parks; Alberta, Canada; Lake Louise; Kootenay national park in British Columbia; back to Idaho to view the longest wooden bridge in the United States at Sand Point. Later scenes showed the Grand Coulee dam in Washington and the desert that it is to irrigate; down the Red Woods highway to San Francisco; the temple grounds in Salt Lake City; the Colorado Rockies, and the Estes park region.

The next meeting of the club will take place at the home of Nan McGinnis at 904 Peoria avenue. Miss Julia Whiteley is to assist in entertaining.

### BIRTHDAY SURPRISE

Mrs. Edward Gerdes arranged a surprise celebration on Sunday evening, honoring the birthday anniversary of her husband. Tables were made up for 500, with score favors going to Mrs. Walter Levan, Mrs. C. A. Seagren, Mrs. Hazel Zentz, Robert Levan, Mrs. Claus Ommen, and Walter Levan.

A birthday lunch was served at the close of the card games. Those present to wish Mr. Gerdes a happy birthday and to present him with gifts were Mrs. George Onnen of Sterling, Mr. and Mrs. J. H. Gerdes and family, Edna Snyder of Streator, Mr. and Mrs. Walter Levan and children George and Mary, Mr. and Mrs. Avery Levan and children Lester and Louis, Mr. and Mrs. C. H. Gerdes and daughter Edna, Mr. and Mrs. Henry Ranken, Mr. and Mrs. Maurice Laursen, Mr. and Mrs. Robert Levan and daughter Mary Ellen, Mr. and Mrs. Conrad Zentz, Arthur Volk, Clifford Volk of South Dixon, Mr. and Mrs. C. A. Seagren and George Nicklaus of Dixon, Mr. and Mrs. Claus Ommen and daughters Dorothy and Bernice of Sterling.

Mothballs are a product of coal tar.

## New Director

Grace Ritson

Miss Ritson, whose home is in Mt. Morris, is the new director of Dixon Girl Scouts, succeeding Miss Kathryn Harrington, resigned. Miss Ritson, who is a daughter of Dr. Ritson of Mt. Morris, came to Dixon the first of the month to assume her new duties, and is busily engaged organizing troops for the season's activities. A number of troops have already begun their programs for the year.

Miss Ritson, who has had extensive Scout camping experience, was a staff member at Camp John Ralston during the past summer.

## DRAFTEE IS PICNIC GUEST

Frank Heaton, who left Tuesday evening for Camp San Luis Obispo, California, after a ten-day furlough with his parents, the Leslie Heaton of rural route 2, was honored on Sunday, when 90 relatives and friends met in Lowell park for a scramble dinner. Guests were present from Rockford, Prophetstown, Sterling, Polo, Amboy and Dixon.

A purse of money was presented to the guest of honor. Special music was furnished by the young daughter of Mr. and Mrs. Russell Cooper, who sang two songs.

### SOUTH DIXON CLUB

Tables for court whist awaited members of the South Dixon Community club yesterday afternoon at the home of Mrs. Alfred Tourtillot. Twenty-two members and guests were circling the tables, with Mrs. William Remmers and Mrs. Charles Kreger receiving favors.

Birthday gifts were presented to Mrs. Remmers and Mrs. John Patterson. Mrs. Day Welty, the club president, conducted a brief business meeting.

Mrs. Carl Woessner assisted the hostess at the refreshment table. Mrs. Jesse Lautzenheiser will entertain the clubwomen on Wednesday afternoon, Oct. 15.

### ABOUT LONDON

Normally, London holds a quarter of the population of England and had twice the population of the entire English nation at the time of Sir Francis Drake.

## Dixon Teacher Becomes Bride Last Evening

Miss Pearl Richards of Winterset, Iowa, physical education director in the Dixon schools for the past five years, and John W. T. Babcock of Evanston, formerly of Boston, were married at 7 o'clock Wednesday evening at the First Presbyterian church. The Rev. Herbert J. Doran read the nuptial vows.

Mrs. Maynard Nelson of Michigan City, Ind., was Miss Richard's matron of honor. Alexander Steiner came from Elgin to be best man for Mr. Babcock.

The bride, who was given in marriage by her brother, A. A. Richards of Winterset, was wearing a going away suit of dark brown wool with brown accessories. Yellow orchids formed her shoulder corsage. Mrs. Nelson was dressed in black and white chiffon, with a spray of gardenias at her shoulder.

Mrs. A. A. Richards, the bride's sister-in-law, was attired in green, with a corsage of pink roses.

Following a 7:30 o'clock dinner at Rice's tea room, Mr. Babcock and bride left on a brief wedding trip. After Oct. 1, they will be at home at 2748 Central Park avenue in Evanston.

The bridegroom is supervisor and consulting engineer of the Western Factory Insurance association.

Attending last evening's marriage ceremony were Mr. and Mrs. Maynard Nelson of Michigan City, Ind.; Mr. and Mrs. Alexander Steiner, Elgin; Mr. and Mrs. Olson, Miss Ina Olson and Miss Florence Nelson, Rockford; Dr. and Mrs. Ralph Redmond, Sterling; the Misses Mae Kervin, Anna Fox, and Helen Hammond, Davenport.

Class I railroads had 9,566 new freight cars on order July 1, the largest number since 1923.

## PERSONALS

Mrs. H. U. Bardwell, Mrs. Magdalen Masten and Mrs. Taber Johnson motored to Rockford yesterday.

Mrs. Belle Flanagan of Rock Island attended the Louella Parsons Day celebration in Dixon.

Pvt. Roydon Lee Kreitzer of Camp San Luis Obispo, California, is spending a 15-day furlough here with his parents, Mr. and Mrs. Lee Kreitzer.

Dorothy Moore submitted to an appendectomy yesterday noon at Katherine Shaw Betha hospital.

Mrs. Melvin Moulton of 423 East Fourth street submitted to a major operation yesterday at Home hospital in Sterling.

Chester Zalecki, who has been employed in Chicago as government estimator for defense plans, has been promoted as government ordinance inspector.

Charles Lievan, well known farmer, residing east of Dixon on the Lincoln Highway, was reported to be resting comfortably today at his home, where he suffered a severe heart attack at an early hour yesterday morning.

The condition of Rollie E. Abbott, state highway department employee, who suffered a stroke at the highway garage Monday, was reported to be much improved today.

## ELWIN CARLSEN TO CLAIM BRIDE

Mr. and Mrs. Glen Daniels of Newton, Iowa announce the engagement and approaching marriage of their eldest daughter, Miss Leta Daniels of Washington, D. C., to Elwin W. Carlsen, also of Washington. The couple's wedding is to take place on Sunday, Oct. 19.

The bridegroom-to-be is a son of Mr. and Mrs. W. J. Carlsen of Dixon.

**M. E. Church Annual Meet**  
Nomination and election of officers and committees formed the major part of the business session at the annual Fourth Quarterly Conference of the Rochelle Methodist church held at the church parlors Friday evening, September 12.

The meeting was presided over by the Rev. Charles Drake Skinner, district superintendent of this district of the Rock River conference. Individuals chosen and elected for the various offices follow:

One year trustees: C. A. Anderson, W. H. Hunt, and Miss Ella King.

Two year trustees: W. F. Eber, T. E. Fouser, and W. R. McLean. Three year trustees: Emmet Stover, R. B. Askvig, and Mrs. Nellie Lindsey.

The board of stewards, elected for one year: Keith Wehner, Mrs. Charles Unger, J. E. Countryman, C. A. Hills, Mrs. William Hackett, F. G. Campbell, F. C. Harris, Homer Heath, B. C. Rumery, Mrs. George Cobb, Floyd Barnes, Allen Willetts, Harold Neff, Mrs. Martin Witzell, Leslie Archer, Mrs. Carrie Barber, Charles Unger, Mrs. C. D. Goodman and Mrs. George Orner.

Church treasurer: Karl Hackett. World service treasurer: Miss Faunetta Thompson.

Quarterly conference secretary: F. C. Harris.

All of the above elected and appointed officers will constitute the official board of the Methodist church for the year, beginning on October 1st.

Additional officers and committees elected at this conference consisted of the following:

Recording secretary: F. C. Harris.

District steward: T. E. Fouser.

Finance committee: J. E. Countryman, Charles P. Unger, B. C. Rumery, Keith Wehner, Karl A. Hackett, and F. G. Campbell.

Building committee: R. B. Askvig, Leland Cross, Nathan Flinders, Elmer Guio and Roy Hegland.

Committee of records: Mrs. F. H. Barnes, Miss Helen Hungerford.

Committee on auditing: Miss Edith Davis and Harold Neff.

Pastoral relations committee: Mrs. J. E. Countryman, Mrs. C. P. Unger, and F. G. Harris.

Membership committee: Mrs. T. E. Fouser, Miss Hannah Halsne, Mrs. A. A. Burbank.

Musical committee: Mrs. Esther Boltz, Mrs. C. A. Hills and Mrs. Adin Slaughter.

Among several interesting reports of the work which were given, was that of the Rev. John Robeson, summarizing the work of the church for the past year.

**K. of C. Officers Installed**

Installation of the Knights of Columbus officers were held Tuesday evening with State Deputy Fred Harzog and his Rockford assistants in charge. Many guests witnessed the ceremony.

The new officers:

Grand Knight—Fred Warning

Deputy Grand Knight—Paul A. Lower

Chancellor—Pat McNickles

Financial secretary—Dan Sullivan

Treasurer—Fred Hickey

Warden—John Dame

Recording secretary—Elmer Hooley

Inside guard—Frank Delmonte

Outside guard—F. O'Rourke

Trustees: Hector Caron, Vincent Carney and Ed Maley

Chaplain—Rev. Fr. O'Brien

Following an address by a Rockford speaker, Leo Ripp and his committee served refreshments.

Randolph Field mechanics recently set a new record by completely changing a trainer's engine in one hour and 14 minutes.

## Needs in New 'Food for Defense' Setup Outlined in Chicago

Agricultural Heads of Twelve Midwestern States at Session

Chicago, Sept. 18.—(AP)—Agricultural officials from 12 of the most fertile states in the union assembled today to lend a hand in the government's campaign for huge increases in food production next year.

They came from the corn fields of Illinois, Indiana and Iowa, the wheat fields of Kansas, Nebraska and the Dakotas, the orchards of Ohio, Missouri and Michigan, and the dairy lands of Wisconsin and Minnesota.

Members of the agriculture department anticipated that 400 would be present to hear Secretary Wickard outline how much more meat, vegetables and dairy products must be produced in the new food for defense program.

Wickard has called it the largest food production campaign in the history of American agriculture.

The purpose of the Chicago meeting, his aides explained, was to mobilize the full resources of the midwestern growing area for the effort. Nationally, it is proposed to push farm production 15 per cent beyond the average for the six years ending in 1929.

It is planned to administer the program under the direction of the newly established state and county defense boards of the agriculture department.

**Tentative Plans Given**  
Members of these boards were invited to today's conference as well as representatives of state agricultural planning committees, state farm organizations and regional farm officials.

Tentative food production goals for the middle western states were announced from Washington last night. Today's meeting was expected to give national directors of the program an idea of how much of the quotas must be met and what measures must be taken to make up the difference.

Department spokesmen said hogs, milk, dry skim milk, cheese and chickens were the commodities which must be produced in greater quantities at once if the United States was to continue its aid to Great Britain and still have enough food for defense at home.

Within a matter of weeks after the Chicago meeting every farmer in the country will have been contacted by local farmer committee-men to determine what each acre of ground can contribute to the effort.

**Illinois Goal Set**

The Illinois goal and this year's estimated production, respectively, were listed as:

Milk, 5,944,000,000 and 5,712,000,000 pounds; eggs, 176,636,000 and 165,083,000 dozen; hogs for marketing and farm slaughter 2,058,914,000 and 1,943,594,000 pounds; beef and veal, 1,517,316,000 and 1,319,405,000 pounds; Lamb and mutton, 47,000,000 and 45,960,000 pounds; soybeans, 2,686,000 and 2,008,000 acres; potatoes 28,000 and 36,000 acres; oats, 3,075,000 and 3,576,000 acres; rye, 65,000 and 42,000 acres; commercial vegetables, 148,000 and 145,000 acres, and farm gardens, 210,700 and 181,052.

The use of light airplanes was further demonstrated during the Third Army maneuvers held in the desert country north of El Paso, Tex. The planes were used for reconnaissance.

Builders of aircraft since 1909 the Glenn L. Martin Company's first airplane was made in an old church.

### Ex-Congressman J. C. McKenzie Victim of Stroke Wednesday

#### Funeral Services Will Be Held Tomorrow at Elizabeth

The funeral of Hon. John C. McKenzie, 81, former member of the Illinois general assembly and one-time United States congressman from this district, who passed away at his home in Elizabeth Wednesday, following a stroke he suffered Sept. 1, will be held at the Methodist church in Elizabeth at 2:00 o'clock tomorrow afternoon. The Rev. M. S. Nye, pastor of that church, will officiate and burial will be in the Elizabeth cemetery, with the Cavanaugh Masonic lodge in charge of the services at the grave.

Identified with activities of the Republican party since his youth, Mr. McKenzie graduated from the state legislature to congress, where he became chairman of the house committee on military affairs before he retired at the end of the 68th congress in 1928.

During all of his service in the Illinois legislature and the national congress the late John H. Byers of Dixon was his secretary.

**Drafted Muscle Shoals Law**  
He was in charge of legislation concerning Muscle Shoals and was named by President Coolidge to head a commission to study the project. The President later incorporated the report in his message to congress.

When he retired from congress, Mr. McKenzie returned to Elizabeth to resume the practice of law. Still an important figure in his party, he was a member of the Republican speakers' bureau for the campaign of Herbert Hoover in 1928. He made many speeches in President Hoover's behalf throughout the middle west. He continued to practice law until he was stricken 17 days ago.

The son of Mr. and Mrs. Donald McKenzie, he was born Feb. 18, 1860, in Woodbine township, Jo Daviess county. He attended Jo Daviess county schools and worked on his father's farm before he began the study of law in the office of Judge W. T. Hodson of Galena. He was admitted to the bar in 1890.

Mr. McKenzie was first elected to public office as supervisor for Woodbine township. He served in both houses of the state legislature before being elected to congress in 1911. He was elected to congress from the 13th district for seven consecutive terms.

**Father Was a Miner**  
His father was a miner and came to Jo Daviess county from Scotland a century ago.

Mr. McKenzie was married three times. March 2, 1883, he married Miss Flora Eaton, who died several years later. His second wife, Miss Luella Laign, died in 1904, and he married her sister, Miss Jessie Laign, Jan. 1, 1917.

Surviving are his widow; a daughter, Miss Jean McKenzie, and a brother, William L. McKenzie, Elizabeth.

A member of Cavanaugh Masonic lodge and Freeport Consistory, he also was a member of the Illinois Bar association, the Methodist church and the Elizabeth cemetery board.

### ASHTON

Mrs. Grace E. Linscott  
Reporter. Phone 205

**Home Bureau**  
The Washington Grove unit of the Home Bureau will meet Sept. 17, at 2:00 p. m. with Mrs. Ralph Sanford. A demonstration on yeast breads will be given by Mrs. Thomas Rainey and Mrs. Ralph Sanford.

The hostesses and leaders for the next six months will be named at this time and the minor lesson will be omitted.

Friends interested in Home Bureau activities are welcome.

**Ashton Civic Club**  
At the meeting of the Ashton Civic club on Monday evening at the Mills & Petrie Memorial building the following officers for the new year were installed: President, Faust H. Boyd; first vice president, Wesley Attig; second vice president, George Stephan; secretary, Floyd Schafer; treasurer, Otto Schade.

The following committees were appointed for the coming year: Entertainment—Ralph Schaller, Raymond Kersten, J. C. Bilderback.

Song leader—Rev. H. R. Zager.

**True Blue Class Met**  
The True Blue class of the Evangelical Sunday school, with their teacher, Mrs. Glenn Pfoutz, met at Griffith park Saturday afternoon for their regular class meeting.

The hostesses for the afternoon were Sophia Schade and Natela Stephan, and various games were enjoyed. Later in the afternoon a scramble lunch was served. Several guests were present beside the class members and all had a good time.

**Personals**  
Mrs. Orno Kersten, daughters Frances and Orla and son John motored to Beloit, Wisconsin on Sunday where Frances remained to attend Beloit college the coming year. She is a graduate of the Ashton community high school in the class of 1941 and has enrolled as a freshman at college.

Mr. and Mrs. Junior Kurth and baby son of West Chicago were week-end guests at the home of Mr. Kurth's parents, Mr. and Mrs. Charles Kurth.

Mr. and Mrs. Roy Krug of Chicago were guests the first of the week at the home of his parents, Mr. and Mrs. Charles Krug.

Nevin Kendell, accompanied by his parents, Mr. and Mrs. G. W. Kendell, motored to Champaign Sunday where Nevin remained to enroll as a senior at the University of Illinois.

Richard Bailey of Elmhurst visited over the week end with friends here.

Mr. and Mrs. Owen Hamel spent the week-end at the home of Mr. Hamel's parents, Mr. and Mrs. G. A. Hamel.

Mr. and Mrs. Wesley Krug visited on Sunday at the home of their son, Glen Krug and family in Chicago.

Mr. and Mrs. Fred Kersten spent Saturday with their daughter Carol at Normal. Miss Carol is a freshman at the Illinois State Normal University.

Guests entertained on Sunday at the home of Mr. and Mrs. Ronald Linscott and son were: Mrs. Charles Vaupel, Mr. and Mrs. Robert Lundgren and daughter Patty, Burdelle Lundgren and friend of Malta and Ed Klenke.

Mr. and Mrs. J. E. Henert and Charles Vaupel of Malta motored to Racine, Minn. on Friday where they spent several days at the home of Mr. and Mrs. Fred Klenke and family.

Roof-top parking for the congested areas of the larger cities, dream of traffic engineers for years, has been realized in Philadelphia where a new \$1,500,000 building has been erected with storage space on the roof for hundreds of automobiles.

It has been estimated that 40 per cent of the persons killed in traffic accidents during 1940 lost their lives as the direct result of driving too fast.

The world record for changing a tire is eight and four-fifth seconds in an exhibition at the Indianapolis Speedway.

By DON DANIELSON

## "DUTCH" TREAT

Dutch Reagan stopped briefly in Amboy Tuesday morning when he discovered that he had failed to pack the clock presented to him by friends at Lowell park beach. He made a telephone call from one of the service stations to Dixon requesting that one of his Hollywood friends bring the clock with him on the return trip to California. Dutch, by the way, told B. J. Frazer that Warner Bros. had filmed the life of Knute Rockne, famed Notre Dame coach, on the suggestion of Dutch who played the George Gipp part. Reagan has attempted several times to write movie scripts, but by his own admission he says thus far the climaxes have failed to jell although the dialogue has been considered good and the continuity O. K.

## "..."

There's a chunky little lad over at Dixon high school, one of Coach Lindell's mascot training students, that the boys call "Three-Dots-and-A-Dash" and you'll understand why when we tell you his name is Carroll VICKREY.

## AMBOY'S TENTATIVE ASSIGNMENTS

In his good-sized football squad, Coach Jim Dominetta of Amboy has a number of experienced men. Tentatively he has assigned his men to positions as follows: Ends—Jones, Dickinson, Neis and Karr; Tackles—Bothe, Berry, Mock and Reed; Guards—Blum, Lefelman, Klesser and Ed McGrath; Centers—McKeown, Berry and Scott; Quarterbacks—Glessner, Philip Kehoe and Stouffer; Backs—Ottengheim, Ditsch, Fortney, Haws and Chandler.

## AIR WAVES

The public address system at the high school athletic field has been moved over to the west side bleachers for the convenience of the most fans. L. V. Slothower who did such a swell job last Friday night, will be the announcer again tomorrow night.

## ROCK RIVER CONFERENCE, TAKE NOTE

Coach A. G. Haussler of Pekin high lists six members of the Rock Falls football squad as possible candidates for the all-state football team, as the result of the game at Pekin last Friday, when Rock Falls won 14 to 12. They are Arthur Barnhart, Lloyd Card, Eugene George, Leo Hunsberger, Dale Lane, and Byron Geringer. However, this will depend on their play during the remainder of the season. Coach Haussler writes in the Chicago paper: "This boy Barnhart is as fine a fullback as we will see all year. He knows how to knife through a line and it takes three boys to bring him down once he is in the open. Barnhart is definitely all-state material," he states. "Leo Hunsberger has speed to burn, and he can really pick them up and lay them down. He had my boys tackling shadows all evening. Dale Lane is another rabbit type of back worth remembering."

## HOOR OF CONFESSION

"To err is human..." to admit it is unusual! Coach C. B. Lindell who protested a decision of the officials during the Oregon game the other night, has received the following note from Jim Trees of DeKalb: "I owe you a first down... I was wrong and it is covered in rule 4, act 5, section 5. At the time, I thought I was right, but after thinking it over, I knew I was wrong. There are only two defensive fouls that are not automatic first downs: (1) defensive offside (2) illegal substitution. Sorry, but I don't believe it made any difference in the final outcome." That's darn white of Trees to write that note! We mean it!

## "BOY, THAT'S REALLY BAD"

Coach Ted Scheid of Sterling tells us, "... you might as well think it would be a good thing if Clem (Lindell) and I could get together and have a good cry. The whole thing can be expressed briefly in no weight—no speed—no fire." Without exaggeration it looks like the darkest since the disastrous 1935 season, and that "ain't" good... I don't know who'll win the league title, but it won't be Sterling.

## CONFERENCE MEETING

Principal R. J. Frazer attended a pow-wow of the North Central conference principals at Princeton Tuesday night. During and after dinner at the home of O. V. Schaffer, the school leaders talked of this and that about conference athletics and decided (among other things) that the conference track meet shall be held at Sterling the week after the state meet. It will be on a Friday night and the golf and tennis meets will be held here the next day. They further ruled that all conference students shall be admitted to out-of-town games for 25 cents if identified.

## ONE KIND OF SPEED

They promise over at Dixon high school that the football game with East Rockford will be run off in apple-pie speed (is there such a thing?) Friday night and no dilly-dallying around until 11:30 as there was last week—through no fault of the local school officials!

## POTTER FAMILY GROWS

Nelson Potter is a pappy again. A daughter, Barbara Ann was born to Mr. and Mrs. Potter Tuesday in the Freeport hospital. Nelson, you all know, is a pitcher for the Boston Red Sox and his home is in Mt. Morris.

## SHAUGHNESSY CROWN IS AT STAKE TONIGHT

By The Associated Press

The Shaughnessy Playoff championship of the Three Eye League is at stake tonight as Cedar Rapids and Decatur meet in the fifth game of the final series at Decatur.

The standing is two victories apiece in the best 3 out of 5 competition, but for a few minutes last night Cedar Rapids threatened to take the title, three games out of four.

That was when the Raiders, trailing 6 to 0 going into the ninth and needing only one more win for the playoff title, sent five runs across the plate and had the bases full, only to have the rally fail on run short of tying when Hixson popped out. The final score was 6 to 5 for the Combies.

Johnny Clay held the Raiders to two hits in eight innings while his Decatur mates were notching two runs in the first, two in the fifth and singles in the sixth and eighth.

**BAREFOOTED KICKER**  
Abilene, Tex.—D. W. Brantley, sophomore Hardin-Simmons end, pointed and kicked barefooted at Fort Worth Tech. He is having a hard time learning to kick while wearing shoes.

Smaller engines with higher compression ratios, greater power output and much higher efficiencies than are known today may be expected in the 1950 automobiles.

## MAJOR LEAGUE STANDINGS

(By The Associated Press)

**American League**  
Batting—Williams, Boston .408; Travis, Washington, .356.  
Runs—Williams, Boston 129; Di Maggio, New York, 116.  
Risks—Hack, Chicago, New York, 122; Di Maggio, New York, and Williams, Boston 116.  
Hits—Travis, Washington, 203; Heath, Cleveland, 184.  
Doubles—Di Maggio, New York, 40; Judnich, St. Louis, 39.  
Triples—Heath, Cleveland, 18; Travis, Washington, 17.  
Home runs—Williams, Boston, 35; Keller, New York, 33.  
Stolen bases—Case, Washington 27; Kuehl, Chicago, 19.  
Pitching—Gomez, New York, 15-4; Ruffing, New York, 15-5.

**National League**  
Batting—Reiser, Brooklyn .335; Hack, Chicago, Medwick, Brooklyn, and Miller, St. Louis, .317.  
Runs—Reiser, 109; Hack, Chicago, 106.  
Risks—Reiser, Brooklyn, 39; Rucker, New York, 36.  
Doubles—Reiser, Brooklyn, 16; Fletcher, Pittsburgh, 23.  
Home runs—Camilli, Brooklyn, 33; Ott, New York, 27.  
Stolen bases—Murttaugh, Philadelphia, 18; Handley, Pittsburgh, and Frey, Cincinnati, 16.  
Pitching—Riddle, Cincinnati 17-4; White, St. Louis, 17-6.

**AQUEDUCT WAGERING UP**  
New York—Total mutual handle for the first 12 days of the Aqueduct meeting was \$10,092,716, a substantial increase above the \$7,171,110 wagered for a corresponding time at the spring session.

# East Rockford Gridders Invade Dixon Tomorrow Eve

## SHUCK'S QUINT SWEEPS SERIES ON THE ALLEYS

Big 16-Team League Opens Season Here Last Night

"Aw, Shucks, fellas, there's nothing to it!"

Last night the Classic League bowlers opened their 1941-42 season at the Dixon Recreation and the only team to sweep the series was the Shuck's Grocery quintet which made wooden shavings of the pins AND the Wilbur Lumber company.

A carry-over of summer heat must have plagued some of the boys, especially Ed Worley who made charcoal of the pins with high game of 229 and high series of 620. Right off the reel the Dixon Bowling Association's president set a target for the 16-team league which is likely to stand for quite a spell.

Team honors went to Jay's Tavern with high game of 1062 and high series of 2849.

In defeating Wilbur Lumber three games, the Shuck's team was paced by Shuck himself with a 505 series. Daschbach led the losers with a 470 series.

**Potts Leads Team**  
Family Liquor Store won two games from Gold Buckle Orange with Potts leading the winners with a 418 series. Pettenger's 490 was tops for the losers.

Williams DeSoto won two games from Welty's Pontiacs as Worley led his mates with high game and series of the night. Jeanguenot led the losers with a 480 count.

Bonded Gas & Oil won two games from Old Style Lager. Leading the winners was Gillen with a 506 count and Krug counted 463 to top the Lager lads.

Welch & Brader won two games from the Court House. Leading the winners was Winder with 459 and Finch's 454 was tops for the losers.

**Knacks Win Two**  
Knacks won two games from Beier's Bread with J. Smith rolling 551 to pace the winners and Breeding topping the doughboys with 558.

I. N. U. won two games from Boynton-Richards. A series of 529 by Schertner was tops for the utilities and Miller's 580 was high for the clothiers.

United Cigar won two games from Jay's Tavern. Giannoni was high kegger for the "smokers" with 479 and Beane rolled 546 for the losers.

High games last night included those of: Beane 206; Witzleb 212; Miller 205; Schertner 208; J. Smith 212; Shultz 202; Hill 208; Worley 203-229.

## De Corveant Is Set for Peak of Collegiate Career

By EARL HILLIGAN

Evanston, Ill., Sept. 18.—(AP)—Bill De Corveant, who's been bounced around roughly for two seasons, believes he's ready to climb into the driver's seat of his collegiate football career.

The Northwestern back, who came to the Wildcats in 1939 as the most highly publicized high school player in years, never has tried to alibi his mediocre showing of the last two years. He'll have no alibi if he fails to come through this fall. He does believe, however, that he'll prove he doesn't rate the "flop" tag many fans hung on him after the 1939 and 1940 campaigns.

"The publicity I received after playing at Austin high school didn't have a thing to do with my showing as a sophomore," De Corveant said. "I'm sure I'm ready for a fine year. If I don't have it—well, I'll admit I haven't got it."

**Believes Bill Has It**

Wes Fry, Northwestern back-field coach, believes De Corveant does "have it." Fry said Bill was much too heavy last year. He also believes De Corveant finally has acquired the knack of driving forward, something he never had to do during his sensational starring days at Austin, when his speed enabled him to get around the opposition for touchdown sprints.

Last season De Corveant started brilliantly, only to incur a severe ankle injury against Wisconsin which kept him out of four big contests. In Northwestern's closing game, against Notre Dame, he played a great all-around game.

Northwestern's offense now is being built around blond Bill. Should he have a great year the Wildcats may be the surprise team of the campaign.

## Sports Roundup

By HUGH S. FULLERTON, JR.

New York, Sept. 18.—(The Special News Service)—One of the biggest disappointments Leo Durcher had had lately was when Montreal got into the International League's final playoffs.

Leo wanted to bring up Claude Corbett from the farm to play shortstop the last couple of weeks. And to make it worse, Tony Cuccinello has been around watching the bums as an antidote for his experiences as Jersey City manager and has spent most of his spare time singing praises of Claude. After the past three days it seems that the Dodgers could make things a lot easier for themselves and the fans by playing the ninth inning first. The report from the home front is that the Dodgers had to rent extra quarters to handle World Series applications. We thought they'd tacked them right onto the price of tickets.

**QUOTE, UNQUOTE**  
Bobo Newsum: "I've pitched this year just as good as I did last year, but you can't win if you don't get them tallies behind you." Lefty Gomez: "I oughta win two or three more games if Johnny Murphy keeps in condition."

## Mistakes It for Melon

Dick Sieck, North Carolina tackle, pounces on ball as though he intended to guip it down without seasoning.

## Tri-County League Enjoys Picnic And Free-For-All to End Season

Sunday, Sept. 14 at Memorial park Rochelle the first annual picnic of the Tri-County league, which was organized last spring, was held in the pavilion.

A large, friendly gathering of sports-minded men and their families, gathered around long tables where a real old-fashioned home cooked dinner was served.

Frank Carney, well known banker and clothing merchant, acted as master of ceremonies. Mr. Carney, for many years has taken an active part in baseball and other sports and through his efforts many organizations have functioned and prospered.

After the ceremonies at the park, the crowd retired to the ball park where members of the various teams in the league battled the pennant-winning Lee boys in what proved to be the most bitterly fought battle of the entire season.

**Individual Trophies**  
With managers, players, umpires and spectators on the field, each one endeavoring to out yell each other, the umpire refused to change his decision. The argument continued pro and con, until darkness set in. The game was then called by the umpire on account of darkness, with the score still knotted 8 and 8.

For thrills, excitement, yelling, good baseball, etc., what could be a more thrilling ending than a real old-fashioned near riot?

Starting with an old fashioned dinner, and ending with an old fashioned argument, it was one full day of excitement.

Team rosters were as follows:  
Lee—Hanson 3b, D. Kennedy ss, O. Johnson 2b, Grove lf, Olson cf, R. Schorr c, B. Schorr rf, Parker 1b, L. Kennedy p, Jacobson 3b substitution for Hanson, Wisted pinch-hitter in 9th.

All Stars—Fulkerson, Ashton ss; Anderson, Rochelle, ss; Harris, Esmond, ss; Secoy, Ashton, cf; Phelps, Malta, cf; Drexler, Esmond, cf; Williams, Ashton, lf; C. Heal, Esmond, cf; B. Edwards, Creston, 1b; Light, Leaf, River, 2b; Garriety, Esmond, 2b; Motter, Leaf River, 3b; Winterland, Esmond, 2b; B. Myroth, Creston, rf; M. Heal, Esmond, rf; L. Clubb, Ashton, p; O'Donnell, Malta, p; Engelkas, Esmond, p.

The All Stars went all the way for Lee, against a strong wind which carried the ball wide of the plate and made pitching in this game a real chore.

Warren Veale, Malta, umpired.

In their part of the third, B. Edwards lined to right, promptly stole second, went to third on Light's long fly to center and scored on Myroth's safety to right center. L. Clubb then struck out ending the frame.

The big moments for the stars came in the third when hits by Fulkerson, Secoy, Heal, Edwards two bagger and Motter single, pushed over four tallies, making the score 5 to 0, where it remained until the fifth, when the champions tied the count.

From then on until the fireworks in the ninth, there were many thrilling plays, both teams displaying dazzling plays that fairly sparkled in their brilliancy.

**Ninth Inning**  
Starting the ninth the stars again pushed over three runs, one when Harris walked, was forced at second on Drexler's infield ground ball to short, Williams walked, Heal hit safely, forcing in Drexler and Williams, a passed ball advanced Heal to second, from where he scored on Edwards' single, Edwards took sec-

## Paw Paw High Softball Team Wins 3rd Game

(Telephone Special Service)

Paw Paw softballers turned in their third straight victory yesterday with a 4 to 2 triumph over Lee Center and thus became "the team to beat" in the Little Ten high school conference.

Marks, who was on the mound for the winners, allowed only four hits in the seven-inning contest. He walked two and fanned two.

White did the chucking for the losers and permitted seven hits, walked three and whiffed six.

The

### Start Construction of Approaches for Grand Detour Span

#### Contractors Begin to Clear Right-of-Way for New Highway

An improvement representing an expenditure of approximately \$300,000 has been started at Grand Detour where grading operations have begun on the right-of-way for the new bridge across Rock river. Shetler & Monahan of Glen Ellyn are the grading contractors and the first of the machinery to be used in this extensive operation arrived at Grand Detour last night.

A force of men are now at work clearing trees and brush from the new right of way on the Ogle county side of the river. The new road will pass through a corn field where about eight acres is to be cleared for the purpose of establishing barrow pits from which approximately 112,000 yards of dirt will be taken to fill the old mill race course and bring the right-of-way to the necessary grade.

The bulk of the grading operation will be on the Ogle county side of the river where the plans provide for the elimination of four curves in route 2, which will be supplanted by one long flat curve in the new paving. The highway department will preserve all trees possible along the right-of-way on both sides of the river. With the clearing of the trees and brush, the grading contractors expect to be able to start actual dirt removal operations about the middle of next week.

#### Modern Engineering

Many new angles in modern engineering will be introduced in the construction of the bridge. In some of the piers heavy steel H beams will be driven into solid rock as supporting members, while in other sections, wooden piling will be used. The floor or deck of the bridge will be of steel, known to bridge engineers as steel mesh. Instead of a concrete floor perforated steel plates will be used. In the fabrication of these plates, precautions are taken to prevent slippage when wet. The mesh eliminates the problem of snow and dirt removal as all snow and dirt will pass through the mesh into the river. The same steel mesh plates will form the base of the sidewalks on the bridge but on the walks, concrete will be poured into the perforations to provide a smooth surface.

#### Shapert Gets Contract

The Shapert Engineering Co., of Belvidere, builders of the Abraham Lincoln bridge across Rock river in Dixon, were high bidders for the building of the piers and abutments. It has been announced from the offices of the state department of public works and building at Springfield. The contract for this section of the new bridge will be awarded within a few days.

Charles Richards of this city, member of the local district highway engineering force, who supervised the construction of the Abraham Lincoln bridge, has been assigned the supervision of the new improvement at Grand Detour and has taken up his duties in clearing the right-of-way on the Ogle county side of the river, from where building operations will begin.

Landing gears constructed for super-dreadnaughts of the air are tested in a tower built 35 feet high. Pitted to the tester on a special carriage loaded with pig lead, the landing gear is raised to a predetermined height and dropped. This test formerly requiring two hours can be completed in about four minutes.

Giant, long-range bombardment airplanes weighing 100 tons or more are now in the design stage.

#### Maloca Club

Mrs. Lizzie Stone entertained the Maloca club to two tables of bridge on Tuesday afternoon. Miss Alice Hulford was a club guest. Mrs. Roy Glaze held high score. The club will meet in two weeks with Mrs. George Epperson. Delicious lunch was served.

#### Bridge Club

Mrs. Charles Odell entertained her bridge club on Tuesday afternoon. Two tables were at play. High score prize was received by Mrs. Mattie Barth and low by Mrs. Howard Brandenburg. Mrs. Donna Metz was a club guest. The club will meet in two weeks with Mrs. Russell Brandenburg. Dainty lunch was served by the hostess.

#### R. G. M. Club

Members of the R. G. M. club surprised Mr. and Mrs. Harry Rote on Tuesday at a pot luck supper. The occasion being the 25th wedding anniversary of Mr. and Mrs. Rote. An evening of visiting was enjoyed. A gift of silver was presented to honorees. Those present were Mr. and Mrs. Herman Madsen and daughter, Mr. and Mrs. L. A. Riggs and grandson Donald, Mr. and Mrs. Joe Meridian and son, Mr. and Mrs. Chris Geisenhagen and daughters, Mr. and Mrs. Gerald Matson and family and Mr. and Mrs. Harry Rote and family.

#### Personals

The R. N. A. met Tuesday at the W. R. C. hall for their regular meeting.

Mr. and Mrs. Burke Livey, Mr. and Mrs. I. M. Lewis, Frances Scallan and Herbert Quilter attended the Legion convention at Milwaukee Tuesday.

On Tuesday from the Perry Memorial hospital of Princeton.

Mrs. Jennie Livey, Mrs. James Stephens, Mrs. I. M. Lewis of Walnut, Mrs. Marvin Winger of Dixon and Mrs. Everett Livey of Amboy were Rockford visitors on Wednesday.

Mrs. Victoria Adams and daughters Ella Mae and Mrs. Howard Rollo of Manlius were Wednesday guests of Mrs. Lena Odell and family.

Mrs. Florence Cater and Mrs. Minnie Owens of Dover were Wednesday afternoon callers of Mrs. Otto Kerchner.

John Miller of Santa Barbara, Calif. arrived Wednesday for a few days' visit with relatives and friends.

Harold Shifflet of New York, N. Y. returned home Wednesday on a fifteen day furlough.

Mrs. Wayne Aishouse and Mrs. Cleola Trabelot were Kewanee shoppers on Wednesday.

### Scarboro

Scarboro—Mr. and Mrs. Charley Hess from Steward and Mr. and Mrs. G. J. Thompson were recent dinner guests at the George Noe home.

Mr. and Mrs. B. T. Mason who are auditors for a large oil company were in town Thursday. They have been visiting at the Harry Riley home at Lee Center.

Mrs. E. H. Ellsworth has returned home from a visit with relatives at Mendota and Rochelle. James Cave and family of Sycamore were dinner guests at the J. B. Cave home Sunday.

Mr. and Mrs. L. D. Rees were visitors at the H. D. Riley home at Lee Center Sunday.

Mr. and Mrs. G. J. Thompson and Mr. and Mrs. G. W. Durin visited at friends near Mt. Carroll Saturday.

Mr. and Mrs. E. E. Rees were Dixon shoppers Saturday evening.

Mrs. Frank Wiley and Mrs. Paul Snyder attended the hobby show Thursday.

Mr. and Mrs. G. W. Durin and Mr. and Mrs. Fred Durin returned home from Milwaukee, Wis., Wednesday.

Mrs. J. B. Cave and Paul motored to Cullom Saturday and visited Rev. Kasch and family, former residents of Scarboro.

Dinner guests at the H. J. Smith home Sunday were: Mr. and Mrs. Harvey Reitz of Ashton, Mr. and Mrs. Clifford Mullins and Mr. and Mrs. Wilfred Byrd of Shabbona.

### Ferris Hinds Off on His First Trip to Alaskan Waters

S. M. Hinds has received an interesting letter from his son Ferris, in which the writer tells of existing conditions in the merchant marines. Writing from Seattle of September 13th, he states that Seattle has expanded in population 15 to 20 per cent in the last few months, due largely to the defense program. Hotels, apartments, tourist homes and auto camps are jammed with people who have come there seeking employment. The shipyard boom is terrific. Ferris states that seamen are so scarce that frequently they work 16 hours a day and don't have enough men to form a skeleton watch. On his last trip to Alaska, one member of the "black gang" was a 16 year old boy, others were only a trifle older. One member of the crew was a man 75 years of age. Many ships are leaving port short handed.

Ferris expects to sail this week on board the S. S. Donna Lane with a cargo of coal for Nome, Alaska. Though he has sailed around the world, crossed the equator numerous times and set foot on every continent, this will be his farthest trip north. Nome is less than one hundred and fifty miles below the Arctic circle. On the return voyage the vessel will bring a cargo of salmon if the docks in Seattle are not too congested to handle it. At present, the docks in Seattle are a "bottle neck". The canneries in southeastern Alaska have had an exceptional run of salmon and are begging for ships to take the cases away and make room in their warehouses. The fishermen are making \$50.00 a day. The trip to Nome and return will take approximately two months and will net Ferris about \$600.00. It is rumored that on return to Seattle, the "Donna Lane" will go to Argentina, thence to New York City where it will change ownership. The crew will be paid off and each man given an additional \$150.00 for transportation to Seattle. Many old vessels such as the "Donna Lane" are being reconditioned at great cost and put into service. This ship has been idle at Lake Union for four years and they are working feverishly to get the machine in shape soon enough for the operators to take over.

The S. S. Mt. Baker is leaving soon for Shanghai and they are offering seamen \$800.00 to ship on her. Another old ship, the "La Merced" is having new engines installed and is bound for South Africa.

In conclusion, Ferris says that never before in history have things been so good for the American seaman.

#### Public Works Projects

Washington, Sept. 18.—(AP)—Six defense public works projects in Illinois with a total estimated cost of \$224,661 were approved yesterday by President Roosevelt.

The largest was a recreation center for Scott Field at Belleville, estimated to cost \$91,985. A recreation field for Fort Sheridan was estimated at \$83,730; a waterworks addition at Hanover at \$17,000; sewer extensions at Wilmington at \$15,946; and alteration of existing school and construction of a two room addition at Silvis, \$16,000.

#### City is Growing

Population of Indianapolis, Ind., increased from 1930's figure of 364,161 to 386,170 in 1940. It is the 20th largest city in the United States.

ored to Cullom Saturday and visited Rev. Kasch and family, former residents of Scarboro.

Mrs. Edward Hermes and son, Joe; Mr. and Mrs. Hugh Hermes, Mr. and Mrs. Charles Miller and Mr. and Mrs. E. T. McCormick attended the wake of John Mosher at the home of his daughter, Mrs. Tom Cooney in Deer Grove Tuesday evening.

Mrs. Margaret Byrnes and LeRoy Morrissey were Wednesday evening callers in Amboy.

Mr. and Mrs. Charles Miller and Thomas Miller attended the funeral of John Mosher in Sterling on Wednesday morning.

Mr. and Mrs. P. F. McCarter returned home Wednesday from a two week's visit with relatives in Terry, Mont.

Mr. and Mrs. Hugh Sweeney and son of Hammond, Ind. are guests of his sister, Mrs. Florence Long and family.

### CHICAGO CYO BOXERS DEFEAT HAWAIIANS

Chicago, Sept. 18.—(AP)—Hawaii's Youth Organization boxing champions are the losers for the second straight year in team competition with Chicago's best C. Y. O. fighters.

The Hawaiians dropped last night's match, 6 bouts to 4, before 26,381 in Soldier Field. All wins were by decision except in the 160-pound class in which Isaiah Wells of Chicago knocked out Timothy Cruz of Hawaii in the second round. Hawaiian individual victors were Wilbert Minn and Frank Fernandez in the 135-pound bouts, Dan Fernandez at 147 pounds and Ray Quintal at 175 pounds.

The Chicago C. Y. O. team won last year's decision, 8 to 3, eleven bouts being staged, and is unbeaten this season.

### MOUNTAIN CONFERENCE REJECTS PROPOSAL TO PERMIT FROSH TO PLAY

Denver, Sept. 18.—(AP)—Rocky Mountain conference officials last night rejected a proposal to permit freshmen to compete in varsity football because of losses to the draft and defense industries.

"The question was not even put to a vote," said Secretary Ralph J. Gilmore of Colorado college.

"We merely held a general discussion to see how the schools stood. It was quite clear that most of them were against it."

Gilmore called the meeting after Coach Paul Wright of Western (Colo.) State had asserted that it would be impossible to have a team without using freshmen.

#### SPEEDY STARS

Our galaxy of stars is moving faster than 200 miles a second, approximately north at 45 degrees in the general direction of the star Vega, astronomers have estimated.

#### ARMY UNIT

In the United States Army, a triangular division consists of 14,000 men, and a square division consists of 18,500 men, either under command of a major general.

The Man's Catsup that Women like

Men, especially, like the extra zip in the flavor of Brooks Catsup. But you'll notice that women, too, really go for this distinctively spicy blend.

Brooks OLD ORIGINAL CATSUP

Serve Brooks Chili Hot Spaghetti. It's cooked in rich chili gravy.

### State Industrial Union Council to Form This Week

Springfield, Ill., Sept. 18.—(AP)—Delegates representing 42 C. I. O. unions will meet here tomorrow for their first state convention to organize the Illinois Industrial Union Council.

Ray Edmundson, state president of the United Mine Workers of America and downstate C. I. O. director, estimated that between 600 and 700 persons would attend the three-day convention.

Officers of the new state industrial council will be elected and plans will be made to launch an organizing campaign in Illinois, Edmundson said.

Edmundson, who will serve as temporary convention chairman, will report on "The C. I. O. in Illinois" at the opening session tomorrow and will be followed by former Congressman Frank W. Fries of Carlinville.

On Saturday morning Governor Green will deliver an address that will be broadcast over a statewide radio hookup. Dr. Roscoe Pulliam, president of the Southern Illinois State Normal University at Carbondale, will speak Saturday afternoon.

Congressman Adolph Sabath of Chicago is scheduled to speak at the concluding session Sunday, when new officers will be installed.

**MANY METHODS**  
Eleven different methods of choosing the president were proposed and considered that framed the United States Constitution.

Many astronomers agree that the possibilities of life are greater on the Galilean moons of Jupiter and the giant moon of Saturn than on any of the planets.

**SWIFTEST SNAKE**  
The mongoose is afraid of the fer-de-lance snake but is deadly to cobras. The fer-de-lance strikes much more swiftly than the cobra.

### FULL FLAVOR SOFT SUGAR COOKIES

made the EASY Spry way!

Give the folks a treat. Make these cookies today and please use Spry!

#### Ordinary shortenings may "smother" flavor

Spry's purer, lets you get the FULL deliciousness of the vanilla, nutmeg, raisins, nuts. Stays fresh longer, too, creams so easily. Three extra advantages and only Spry gives all three. Costs just about half what expensive cake shortening costs. Be smart—use Spry for all your baking and frying!

#### Soft Sugar Cookies

- 3/4 cup Spry
- 1/2 teaspoon salt
- 1/2 cup nutmeg
- 1/2 teaspoon vanilla
- 1 cup sugar
- 1 egg, unbeaten
- 2 cups sifted flour
- 1/2 teaspoon baking powder
- 1/2 teaspoon soda
- 1/2 cup thick sour milk or buttermilk
- Chopped nuts or raisins

Blend Spry, salt, nutmeg and vanilla. Add sugar gradually and cream well. (Done in a jiffy with triple-creamed Spry!) Add egg and mix well. Sift flour with baking powder and soda. Add flour to creamed mixture, alternately with sour milk, mixing after each addition until smooth. Drop from tablespoon on Sprycoated baking sheets. Sprinkle with sugar and top with chopped nuts or raisins. Bake in moderate oven (375° F.) 15 to 20 minutes.

Makes 3 dozen but they'll last no time, for they're meltingly tender and so good-tasting. The vanilla and nutmeg flavoring is most appealing and Spry lets you get its FULL deliciousness instead of "dulling" it as ordinary shortenings might. If you want compliments, make all your cookies, cakes and pies with pure Spry. Fry with it, too.

(ALL MEASUREMENTS IN RECIPE ARE LEVEL)

## NATIONAL TEA & CO. FOOD STORES

## The Nation's Breakfast for NATIONAL FITNESS!

This is National Fitness Week!

**100% Whole Wheat including Vitamin B<sub>1</sub> as NATURE provides it!**

A breakfast of National Biscuit Shredded Wheat (2 biscuits and a cupful of milk) gives you a really swell-tasting breakfast. Vitamins, including the energy-appetite-growth B<sub>1</sub>. Minerals, including iron and phosphorus. The famous energy of pure whole wheat—100% whole grain. See your food merchant today! Give the full name—say National Biscuit Shredded Wheat to your food merchant.

Baked by NABISCO  
NATIONAL BISCUIT COMPANY

**GET VITAMIN B<sub>1</sub> AS NATURE PROVIDES IT!**

In 2 National Biscuit Shredded Wheat with a cupful of milk you get more than 1/3 the minimum daily adult requirement of Vitamin B<sub>1</sub>. The 2 biscuits provide about 2/3 of this, and the milk 2/3.

## Weekly Food and Marketing Letter by Mrs. Emily M. Lautz for Dixon Telegraph Readers

This is pickle-making time. The ingredients are here in abundance—green cucumbers, scarlet tomatoes, white and yellow onions, celery, firm white and red cabbages, and peppers, green and scarlet.

Although a variety of manufactured brands are available, the ambitious homemaker loves to make her own specialties, particularly if she is fortunate enough to have a supply of fresh vegetables available. There is a marked interest in turning to old family recipe books for the secrets of making pickles in accordance with time-honored methods.

Pickles usually are flavory combinations of several vegetables, chopped and blended, and marinated in spiced and seasoned vinegar, which gives them their appetizing appeal. Few pickles can be made in a hurry. Even when the preparation is fairly simple, they must not be served until they have "ripened" and mellowed (but before the flavor begins to deteriorate). Let them stand at least three months after sealing.

Generally speaking, there are three kinds of pickles; fruit pickled whole or in pieces; vegetables pickled by the quick process method, and vegetables pickled by the long or salt-stock process. The pickling of fruits is a comparatively simple process and can be carried out in a day.

Commercial canners and many experienced homemakers prefer the flavor of long-process pickles, which first are "cured" in a salt solution, or brine, for several weeks.

Brining or "curing" vegetables and fruits in salt solution produces in them desirable changes in color, texture, and flavor; the product is called "salt stock."

While it is possible to make pickles from uncured, fresh vegetables, pickles made from salt stock are finer in flavor, crisper in texture, and more attractive in color and general appearance than are quick-process pickles. Well-cured stock, if properly cared for, keeps for months, and from it sweet or sour pickles may be made when desired.

Dry salting, although not used in the preparation of salt stock, is another and most useful method of preserving vegetables and fruits. The Cornell Bulletin for Homemakers suggests that it is particularly helpful when a surplus crop is threatened by loss because canning is not possible. If a small quantity of salt is used, the products undergo desirable fermentation; if a large quantity of salt is used, the salt acts as a preservative and no fermentation is possible. The success of dry salting depends upon:

1. Using a sufficiently large quantity of salt to check bacterial action, or a sufficiently small quantity to permit desirable fermentation.

2. Forming enough brine during the process, or adding enough, to cover completely the foods to be preserved.

3. Carefully protecting the surface of the brine from the action of the air.

4. Storing the food in a cool place.

Cooking salt is used for pickling. Table salt, or any other salt to which materials have been added to prevent caking, is unsatisfactory. The average weight of 1 cup salt is about 10 ounces, or 2½ pound. Whenever possible, it is advisable to weigh the salt, rather than to measure it.

Dry salt may be added directly to the food to be preserved, but it will shrivel the product. The food, mixed with the salt, is packed in a container and covered with a weighted cover. The extracted vegetable juices dissolve the salt, making a brine which covers the vegetables.

If salt is used in sufficiently large amounts, the salt itself acts as a preservative. Vegetables packed in one-fourth, or 25 percent of their weight of salt may be kept many months without spoilage. Such food, however, is inedible until it is freshened; that is soaked in water long enough to remove the surplus salt. This treatment does reduce the nutritive value of the food, because some of the mineral matter and vitamins in the vegetables are dissolved out and discarded with the salt.

If salt is used in small amounts, for example 2½ percent of the weight of the vegetable—as in the making of sauerkraut, the sugars present in the vegetable juice will be largely changed to lactic acid and somewhat changed to acetic acid and alcohol by the lactic-acid bacteria normally present on the vegetable. This process is called fermentation. It makes a wholesome food product, which has a pleasant fermented flavor, and which is preserved in the mixture of salt and lactic acid.

Salt Solution, or Brine: A brine made of salt and water may be added to the vegetables and fruits which are to be used either as salt pickles, or to be preserved in vinegar. This is the practice followed when it is important at the beginning of the process to control the strength of the brine which comes in contact with the food.

If a brine is strong enough, it acts as a preservative. A 20 to 25 percent brine will preserve vegetables indefinitely. A 5 to 15 percent brine will permit desirable fermentation, during which process the sugars present in the vegetable juices will be largely changed to lactic acid by the lactic-acid bacteria on the vegetable.

The combination of acid and salt will help to preserve these vegetables.

The process of storing vegetables or fruits in brine until certain desired changes in flavor, color and texture have occurred is called curing. Fermentation may or may not have taken place. Cucumbers usually are fermented. The other vegetables most often used in making salt stock—cauli-

flower, beans, onions, peppers, green tomatoes and mangos—may be cured with or without fermentation.

Whatever method is used, the quality of vinegar and spice is tremendously important. Cider vinegar is used if the flavor and the aroma are more important and color is less important. White-grape vinegar is used if the flavor, or the aroma and the color are all of equal importance. White malt or distilled vinegar is used if the color and the low cost are important and the aroma and the flavor less important.

Vinegar, like salt, increases the crispness of pickles. To strong a vinegar causes pickles to shrivel. The vinegar acid preserves, controls fermentation, and modifies the flavor giving the desired acid taste.

Use strictly fresh, tender fruits and vegetables for pickling and canning. The product that comes out of the jar will not be higher than what went into it!

### SEASONAL RECIPES Cucumber Pickles

Cover clean, fresh, medium-sized cucumbers in a crock with a salt brine made by dissolving ½ cup salt per quart of warm water; weight cucumbers down and let stand overnight.

Also let stand overnight a vinegar solution made by combining 6 oz. (¾ cup) sugar and 1¼ oz. whole mixed spices tied in a cloth bag to each quart pure, good vinegar; simmer this mixture 5 minutes at night, after combining.

In the morning rinse cucumbers in clear, cold water, cover with pickling solution; let stand at least 24 hours (2 or 3 days would be better.) Take out spice bag the first day if vinegar is sufficiently flavored.

Pack cucumbers into jars and cover with fresh boiling hot solution made in the same manner, adjust cover and jar rubber, and process in hot water bath 5 minutes. Label and store in a cool dry place.

The following mixture is convenient for adding cucumbers day by day from the garden until they are used in mustard or other pickle mixtures, but it should not be expected to keep indefinitely. Practically all pickles are better if sealed in sterilized jars after curing.

**Sour Brine for Curing Cucumbers**  
1 gallon vinegar  
1 cup dry mustard  
1 cup salt  
1 cup sugar

Stir until dissolved. Drop in cucumbers as gathered every day, after washing well and drying. Keep covered.

Note: Pickled fruits require a heavier syrup than do vegetables.

**Pickled Pears or Crabapples**  
3 lbs. prepared fruit  
4 pounds sugar  
1 quart vinegar  
1 pint water  
10 2-inch pieces stick cinnamon  
2 tablespoons whole cloves  
2 tablespoons whole allspice  
Other spices, as desired

**Sekel Pears:** Wash pears, leave on the stems and peel; scrape off blossom ends. Boil pears 10 minutes in water to cover; pour off the water and prick the skins. Boil vinegar, water, sugar and spices (tied loosely in a cloth) together 5 minutes. Add pears, boil 10 min-

utes, or until tender. Let stand in the syrup overnight, drain, remove spice bag and pack pears in sterilized jars. Bring syrup to boiling point, pour over the fruit, seal and store in a cool place.

**Crabapples:** Follow directions for Sekel pears, but omit cooking in the water.

**Kieffer Pears:** Wash pears, pare cut in halves or quarters, remove hard centers and cores. Boil 10 minutes in water to cover. Use 1 pint of this water to dilute the vinegar for the syrup. Finish as directed for Sekel pears.

**Relish for Fried Chicken**  
Through the coarse knife of the food chopper put 2 large apples, unpeeled (but cored, of course) and 1 seedless orange, including half the rind of the orange. Add ¼ cup sugar, 1 can cranberry sauce crushed with a fork. Chill and serve. Quick and appetizing with hot or cold fowl.

### APPETIZING TREATS Tomato Aspic

3 cups tomato juice  
½ cup diced raw carrots  
Sprig parsley  
1 teaspoon peppercorns (whole peppers)

1 onion, sliced  
3 white cloves  
Few grains mace  
1 tablespoon chopped green pepper

1 cup diced celery  
1 teaspoon salt  
1½ teaspoon gelatine  
2 tablespoons cold water

Combine all ingredients except gelatine and water and cook 20 minutes. Strain, pour over gela-

tine, which has been softened in cold water and stir until gelatine is dissolved. Pour into mold, which has been rinsed with very cold water. Chill in refrigerator several hours, until firm. Unmold on crisp greens. Serves 6.

Note: To hasten setting, gelatine mixture may be poured into freezing tray until it begins to set. Leave only a few minutes, then pour immediately into mold and return to refrigerator.

**Harvard Beets**  
3 cups cooked, diced beets  
½ cup sugar  
2 tablespoons flour  
½ cup vinegar  
½ teaspoon salt  
2 tablespoons butter  
¼ cup water

Mix the sugar and flour; add water and vinegar. Cook about 10 minutes or until mixture thickens. Add salt, butter and diced beets. Cover. Continue cooking about 10 additional minutes over a low flame.

### FACTS ABOUT FOOD

The Alaska Eskimos, who are virtually free from tooth decay, live on fish, animal life from the sea, fish eggs, wild fruits, vegetables and nuts.

The number of "high bush" blueberry growers in New York State seems to be increasing and seems apt to develop into a new industry for New York agriculture, according to recent reports. The State Agricultural Experiment Station at Geneva has done considerable research in this field and is distributing circulars telling growers

facts they need to know about producing high bush blueberries, including facts about soil, cultural requirements and varieties.

To encourage youngsters to eat all their soup, try topping the bowls with toast cut in animal shapes. Cut the bread with cookie cutters, toast it, butter and then slip on top of the soup just as it is served.

Serve "Crispy Bread" with soup or salad: Cut a loaf of bread in thick slices down to within half an inch of the bottom of the loaf. Spread the slices apart, fan fashion. Brush all the slices with melted butter. Bake in oven until the edges are brown.

Advance statistics show decreased production this season in the thirty late potato states, the reduction being about 8 percent below last year. In the seven intermediate potato states from which potatoes now are moving to market, 29,487,000 bushels are expected, compared with 36,207,000 last year. The greatest decrease is in Virginia. New Jersey probably will have 9,240,000 bushels, compared with 10,150,000 last season. Long Island has prospects of about 11,774,000 bushels, 11 percent less than 1940.

### FACTS ABOUT FOOD

The Atlantic provides millions of pounds of haddock annually, the fish that leads in volume of catch. The 1937 catch is a typical one and ran to 17,000,000 pounds. Haddock can be broiled, baked

fried, steamed, boiled or made into chowder. Baked smoked haddock, or finnan haddie, covered with hot milk and seasoned with chopped onion or green pepper. Bake 20 to 30 minutes.

The year 1941 is not a happy one for most fruits, according to Federal figures. Peaches in many states were hit by early Spring frosts. Both apples and peaches are below last year's yield. Crops of pears, cherries and grapes will be low in most states. New York pears are 29 percent below last year and 7 percent below average production.

Dried lima beans, a favorite among dry vegetables, are a good source of two vitamins, B1 and G. Consider vitamin B1 is lost when soda is added in cooking.

For a decorative addition to iced drinks, freeze Marachino cherries and mint leaves in ice cubes made of lemon carbonated beverage.

Use the liquid in which vegetables are canned, in the same ways found for pot liquors from fresh-cooked vegetables, unless labels definitely state that they should not be used. Canning liquids correspond in values to the pot liquors which to into sauces, vegetables cocktails, soups and gravies.

Surprise: Fleck cream of pea soup or creamed spinach with nutmeg.

## New Manager for Farm Supply Company Oct. 1

Chicago, Sept. 18—(AP)—C. H. Becker, assistant manager, will become manager of the Illinois Farm Supply Company, a statewide purchasing cooperative affiliated with the Illinois Agricultural Association, Oct. 1.

His appointment was announced yesterday by Earl C. Smith, association president, after the resignation of Lloyd R. Marchant, manager since 1929, who will become associated with a St. Louis company. Marchant previously was farm adviser in Knox county for many years.

A native of Tazewell county, Becker entered the company's field service in 1935 and came to the Chicago office in 1937. He became assistant manager last year.

Two-thirds of the municipalities in this nation with populations exceeding 2500 persons possess no street car or bus systems. They use automobiles for transportation.

**"MIDDLE-AGE" WOMEN (38-52 yrs. old)**  
HEED THIS ADVICE!!  
If you're cross, restless, NERVOUS—suffer hot flashes, dizziness—caused by this period in a woman's life—try Lydia E. Pinkham's Vegetable Compound. Made especially for women. Hundreds of thousands remarkably helped. Follow label directions. WORTH TRYING!

"Now that's what I call good coffee!"

Aroma—Flavor—Strength—you need all three in your cup to make you say, "Now that's what I call good coffee!"

You'll find these three important qualities in every cup of Hills Bros. Coffee. It's good coffee to begin with, and it's roasted by Controlled Roasting, a process originated and used exclusively by Hills Bros., which roasts every coffee bean evenly. None overdone! None underdone! The result is a matchless, uniform flavor no other coffee has.

Proof of the unusual goodness of Hills Bros. Coffee lies in the fact that it is one coffee you can use in any kind of coffee-maker. The Correct Grind is guaranteed to produce best results in DRIP, GLASS MAKER, PERCOLATOR, or POT, if the directions on the side of the Hills Bros. Coffee can be followed.

HILLS BROS COFFEE

THESE  
FOOD  
STORES  
DON'T  
"KEEP FOOD"

As one wise old merchant once said, "We don't keep food; we sell it."

Thanks to the enthusiastic assistance of A&P customers, the food in A&P Stores never has a chance to grow stale. It's scarcely on our shelves and counters before it's off again, and we have to start all over again putting new fresh foods in the great open spaces left by busy throngs of shoppers.

At A&P Super Markets, which serve thousands of customers a day, fresh food speeds in and out like "greased lightning."

So fast and furiously do our customers buy that it takes about 70 deliveries a week, direct from farmers, producers and our own warehouses, to keep the average Super Market supplied with fresh food. Perishables like fruits, vegetables, bread, etc., are delivered fresh every day. And so with meats, butter, and eggs; they move in and out in a steady stream.

Low prices have made A&P Super Markets famous, but no food is a bargain, at any price, unless it is fresh and good. Hence A&P's great effort to hustle food in and out at the height of freshness.

Foods at A&P do offer amazing savings, because we buy direct and sell direct to you. Unnecessary in-between profits and extra handling charges are eliminated. Savings are the result, too, of A&P's new kind of food store... the A&P Super Markets. These food department stores sell 5 to 15 times as much as average A&P Stores of a few years ago... thus their cost of doing business is lower. This means that their prices\* are lower, too.

\*A&P Super Markets keep their prices low throughout all departments... every day of the week. Thus if you shop for all your food needs in them, you save on your entire grocery bill.

Rev. and Mrs. Hughes Morris

## New fall time schedule:

10:00—Sunday church school.  
11:00—Family worship service.  
7:00—Epworth League.

Thursday is the day of the Steward Methodist big chicken dinner. The ladies of the W. S. C. S. of the church and community have prepared one of their elaborate dinners and you are invited to be among those present. The hour is 5:30 on and you may come and go as you please. So, we'll be expecting you this evening.

Sunday evening there will be a meeting of the board of education at 8 o'clock at the church. All members are urged to be present for this meeting.

Rally day is in the near future and we are preparing a splendid day at both Church school and family worship. The date is October 5th.

Our fall program is getting under way in a very fine fashion and we are expecting you there this coming Sunday. Plan to worship the Lord with us each Sunday.

## Illinois Voiture of 40 and 8 Is Awarded Trophy at Convention

Milwaukee, Sept. 18—(AP)—The grand voiture of the Illinois 40 and 8, fun making organization of the American Legion, yesterday was awarded the trophy for securing the greatest number of new Legion members during the year.

Voiture 592, Kane county, Ill., won a prize for having the most unique feature in the parade. The Illinois Grand Voiture also had the

greatest membership representation in the parade.

Elbert H. Burns, Champaign, Ill., was elected a Sous Chef de Chemin de Fer (vice president) of the national 40 and 8, and Dr. C. L. Lambert, Canton, Ill., was named to the executive committee.

Dr. Robert E. Wilson, oil consultant to the National Defense Advisory Commission, has asked that minimum military stocks of 1,000,000 barrels of aviation fuel be accumulated, working up to a variable maximum of 10,000,000 to 20,000,000 barrels.
